Alan Rosenzweig, D.O.
917 Cinnaminson Avenue
Palmyra, NJ 08065

Dear Dr. Rosenzweig:

You appeared before the New Jersey State Board of Medical Examiners' Executive Committee on November 23, 1988.

You appeared at that time based upon a prior petition requesting authorization for C.D.S. II and III eligibility. You had entered into a Consent Order in July 1988 regarding indiscriminate prescribing for eighteen patients, prescribing for Ritalin and Percocet. The Consent Order included a one-year suspension, the first three months active and the requirement that you successfully complete a mini-residency in the use and abuse of C.D.S. You completed the active period of suspension and successfully completed the mini-residency. You are currently making payments on a monetary assessment.

You are hereby advised that the Board has determined that the Order be amended to deem you eligible for C.D.S. Schedule III at this time. You will be required to keep an office log of all C.D.S. Schedule III prescribed inasmuch as you may not dispense at this time. The log must be kept for one year which log shall be audited by the Board on a random basis. No sooner than the conclusion of one year from the entry of this Order you may apply for eligibility as a C.D.S. Schedule II registrant for office practice. Notwithstanding this, you will be deemed eligible at this time to prescribe C.D.S. Schedule II to a hospitalized patient only.

Very truly yours,
