Amusement Game
Certification of Permissibility Number, 1-125
Lucky Duck

NAME OF GAME: Lucky Duck

MANUFACTURER: Bobs Space Racers, Inc.
427 15th St.
Daytona Beach, FL. 32117

APPLICANT: Bobs Space Racers, Inc.
427 15th St.
Daytona Beach, FL. 33117

The above-mentioned game is approved for use in New Jersey as an amusement game, as defined in the Amusement Game Licensing Law, N.J.S.A. 5:8-100 et seq. ("Law"), and the regulations promulgated thereunder, N.J.A.C. 13:3-1.1 et seq. ("Regulations"). This approval is based upon information supplied by the applicant at the time of application for certification. The game must be operated in accordance with the specifications submitted and the terms of this certification. Any modification of the manufacturer's specifications or the specified method of play immediately voids this certification.

It is unlawful to license or operate any amusement game in the State of New Jersey without a valid Certification of Permissibility or in a manner not in accordance with Certification of Permissibility issued for the game. This Certification of Permissibility contains four pages. This is page 1 of 4.

DESCRIPTION:

The "Lucky Duck Game" is a game with floating toy ducks on a stream using a water pump for movement in a circular direction. The player must pick a toy duck or certain number of ducks, each of which have a designation for a prize. Prizes are dependant upon an electronic scanning system that reads the manufacturer's programmed transponder located inside each toy duck. The player selects a duck from the play field and applies the bottom of the duck to the reader which reads the transponder and then displays the prize on the games 32inch screen. A prize is a awarded once a single round of play has occurred.

DEFINITIONS:

"Game board" means the stream of water which the floating ducks are located.

"Obstruction" means any portion of the stand/structure, any light or other type fixture, any box, bag, prize or other material.

"Play field" shall be the area between the player position extending two (2) feet behind and two (2) feet on either side.

"Prize category" means a prize, or group of prizes of comparable value, available to a player upon completion of the task necessary too win a prize in a particular category.

"Prize category designation" means the identifier of one of the four (4) authorized prize categories prescribed by condition # 9 of this Certification of Permissibility.

"Professional quality" means that the surface of the sign to be used must be smooth and rigid in nature and not made from paper or corrugated cardboard, unless laminated.

"Round of play" means the sale of a right to participate, the event which determines whether the player wins or loses and the awarding of a prize.

"Stand/structure" means any stand, structure, booth, tent, trailer or area in which the game is operated.

CONDITIONS:

1.) The maximum posted price to play shall not exceed values set forth in **N.J.A.C**. 13:3-.3.4.

2.) The play field shall be clear of all obstructions.

3.) The play field shall be contained within the stand/structure in which the game is located.

4.) No merchandise shall be allowed in or around the stand/structure for display purposes unless a posted sign which clearly indicates for display only.

5.) All prizes displayed must be available to be won in a single round of play.

6.) The minimum size of a sign containing the statement required by condition number 6 of this certification shall be 8.5 inches x 11 inches. The sign shall be of professional quality and shall consist of block letters of at least .50 inches. The background and the letters of the sign shall be electronically displayed or permanently printed of contrasting colors.

7.) All prizes available though the play of the game shall be conspicuously displayed above the front counter height of the stand/structure.

8.) The maximum number of prize categories shall not exceed four (4).

9.) Prize categories from the lowest too highest in values shall only be known, referred to, designated, or labeled as: Small; Medium; Large; Jumbo or Choice.

10.) The prizes to be awarded shall be labeled to indicate the category. Prizes shall be labeled individually or as a clearly delineated group of the same prize category.

11.) All floating toy ducks shall be equipped with the manufacture's programmed transponder.

12.) Any toy duck in which the transponder is not working properly must be immediately removed from game play.

13.) All floating toy ducks shall be properly maintained according to the manufacture's specifications.

Note: The Lucky Duck **version 1.0** has been developed by Bob's Space Racers Inc. and has the copyrights to the program. For software verification purposes the above mentioned software **version 1.0** can be identified on the device's external video monitor.

SOFTWARE VERSION

Version 1.0

This Certification of Permissibility is not a license to operate the captioned gambling device. The game must be licensed in accordance with the Law and Regulations.

The Commission reserves the right to suspend, revoke or modify this Certification of Permissibility upon notice to the manufacturer, operator and/or applicant.
