Administrative Action

SECOND SUPPLEMENTAL CONSENT ORDER

This matter was opened to the New Jersey State Board of Dentistry upon receipt of a Report of Investigation from the Enforcement Bureau, Professions and Occupations Bureau, which disclosed allegations that Respondent has an addiction to alcohol, resulting in a Consent Order entered January 13, 1990, which is appended hereto and made a part of this Order. This matter is again opened to the New Jersey State Board of Dentistry upon receipt of information that on or about August 16, 1990, Respondent again became intoxicated, and lost contact with the Impaired Dentists Program and his place of treatment for alcoholism.

Respondent now having re-established contact with the Impaired Dentists Program and made known his desire to continue treatment, and having appeared before the State Board of Dentistry on October 17, 1990 to discuss his status, treatment and employment plans, and it appearing that the parties have agreed to an interim resolution of this matter

without the necessity for further proceedings, and it appearing that Respondent has read and agreed to abide by the terms of this Order, and it further appearing that this Order is adequately protective of the public interest, and good cause therefore existing for the entry of this Order, it is therefore on this 29th day of November, 1990, ordered:

1. Respondent shall not practice dentistry, whether for compensation or gratis, in New Jersey or elsewhere, prior to November 7, 1990.

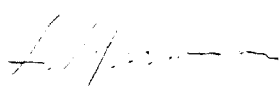

2. Respondent shall continue in the outpatient aftercare program of Fair Oaks Hospital, and comply with all requirements of that program. Respondent consents to release to this Board by Fair Oaks Hospital of all records and information concerning his treatment. Respondent further agrees that Fair Oaks Hospital shall be directed to immediately notify the Impaired Dentists Program of any deviation from or failure to attend such aftercare program, and that the Impaired Dentists Program will transmit such information to this Board. That program shall include the supervised administration to Respondent of the drug Antabuse, in an amount and frequency sufficient to ensure the continuous effectiveness of that drug, for a period of at least three months and as long thereafter as program staff shall direct. Respondent shall submit to random urine testing by the Impaired Dentists Program, at least twice a week for alcohol and other addictive substances, if not otherwise included in his aftercare program, for a minimum of one year and as long thereafter as program staff shall direct.

3. On or after November 7, 1990, Respondent may resume the practice dentistry, but only under the supervision of another licensed

dentist, who shall be on the premises at all times during which Respondent is employed. Respondent shall fully inform all employers of Respondent's history of alcohol abuse, his Consent Orders filed with this Board, and of the requirements of Respondent's aftercare program.

4. Respondent shall inform the Board of Dentistry as soon as any employment is obtained, whether in dentistry or not, of the name of his employer and the hours of employment. Respondent shall thereafter inform the Board of any change in employer or his hours of employment.

5. All provisions of the Interim Consent Order entered between Respondent and the Board on January 13, 1990 remain in effect.

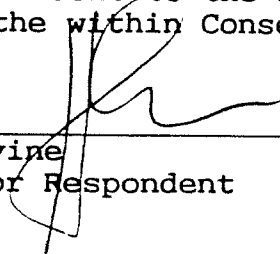

SAMUEL E. FURMAN, D.D.S.
PRESIDENT
STATE BOARD OF DENTISTRY

I have read the within Consent Order and I understand its terms. I consent to its entry by the State Board of Dentistry and agree to be bound by those terms.

Peter F. Brown
Respondent

I hereby consent to the form and entry of the within Consent Order.

Harvey Levine
Counsel for Respondent
