Re: In the Matter of Ira Jay Silverman, D.P.M.
License #1337 Licensed to practice Podiatric
Medicine in the State of New Jersey

Dear Dr. Silverman:

This letter will confirm the decision of the New Jersey State Board of Medical Examiners to grant a removal of two requirements of the attached order filed April 2, 1991 by this Board. Specifically, ordered point number two containing both requirements shall be deleted. It reads as follows:

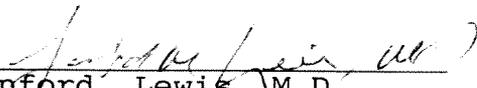

"2. Respondent shall continue active participation in the outpatient chemical dependency program at Livengrin including weekly chemical dependency counseling sessions and weekly marriage counseling sessions."

All other terms and conditions of this attached order remain in full force and effect. However, after careful review and in light of the one year period that has elapsed and your continued

active participation in the Physician Health Program, solely ordered point number two (2) is hereby rescinded. All other aspects of the attached Consent Order remain the same.

Very truly yours,

NEW JERSEY STATE BOARD OF
MEDICAL EXAMINERS
