One year of said suspension shall be active; one year of said suspension shall be stayed.

2. Respondent shall be on probation for the duration of the stayed suspension commencing May 10, 1994, subject to compliance with paragraphs 3 through 15 herein. If respondent violates any of the provisions of paragraphs 3 through 15 herein, the Board may initiate proceedings to revoke his license to practice pharmacy.

3. Respondent shall not be a pharmacist-in-charge during the entire period of probation.

4. Respondent hereby consents to the entry of an Order of Automatic Suspension of his license without notice upon the Board's receipt of any reliable information such as, ~~but not~~ limited to, *JA* a report of a confirmed positive urine or information

from any out-patient program or counselor which reveals evidence of substance abuse during the probationary period.

5. Respondent shall have the right to apply for removal of the automatic suspension on two (2) days notice but in such event shall be limited to a showing that urine tested was not his or was a false positive, in the case of urine testing, or that other information submitted was false.

6. Respondent shall have his urine monitored at his own expense on a random, unannounced basis. Testing shall be performed one time per week throughout the remainder of the active suspension period and two times per month for the duration of the one year period. The urine specimens shall be performed with direct witnessing by a Board approved monitor. The initial drug screen will utilize the EMIT technique, and all confirming tests and/or secondary tests will be performed by gas chromatographing/mass spectrometry (GC/MS). The testing procedure shall include a forensic chain of custody protocol to ensure sample integrity and to provide documentation thereof.

7. The result of all tests shall be reported directly by the testing laboratory on a monthly basis to H. Lee Gladstein, Executive Director of the Board or his successor, or his designee in the event he is unavailable. The Board may at anytime alter or modify the manner of the testing directed herein. In the event of any such alteration or modification the Board shall give timely notice of any new testing requirement to the respondent.
