 TO PRACTICE AS A PHYSICIAN'S)
 ASSISTANT IN THE STATE OF)

This matter was opened to the New Jersey State Board of Medical Examiners upon receipt of information which the Board has reviewed and on which the following findings of fact and conclusions of law are made:

FINDINGS OF FACT

1. Respondent, Jody Adamovich, License No.MP000329 is a physician assistant licensed in the State of New Jersey and has been a licensee at all times relevant hereto. As a consequence of respondent's failure to submit a biennial renewal in 1999, respondent's license to practice medicine in the State of New Jersey was automatically suspended pursuant to N.J.S.A. 45:9-6.1, which allows for reinstatement upon payment of certain fees.

2. On July 5, 2001 a Consent Agreement and Order was entered between respondent and the New York Board for Professional Medical Conduct. Respondent was charged with one specification of professional misconduct. Specifically, it was alleged that respondent was found guilty of criminal possession of a forged

instrument in the third degree and was sentenced to a \$200.00 fine, a \$95.00 surcharge, and was to perform 75 hours of community service. Respondent did not contest the charge.

3. Respondent's New York State physician assistant license was placed on three year suspension, said suspension stayed and was to be served as three year probation with continued treatment by an Office of Professional Medical Conduct (OPMC) approved physician specializing in pain management. Respondent was also to maintain active registration of her license, except during periods of actual suspension, and was to fully cooperate with the OPMC in its administration and enforcement of this Order.

CONCLUSIONS OF LAW

1. The above New York action provides grounds to take disciplinary action against respondent's license to practice as a physician's assistant in the State of New Jersey pursuant to N.J.S.A. 45:1-21(g) in that respondent has had her authority to engage in the practice of medicine suspended by another state.

Based on the foregoing findings and conclusions, a Provisional Order of Discipline suspending respondent's license to practice medicine in the State of New Jersey, such suspension to be serves as probation, was entered on January 28, 2002 and a copy was forwarded to respondent at the last known address on file with the Board. The Provisional Order was subject to finalization by the Board at 5:00 p.m. on the 30th business day following entry unless

respondent requested a modification or dismissal of the stated Findings of Fact and Conclusions of Law by submitting a written request for modification or dismissal setting forth in writing any and all reasons why said findings and conclusions should be modified or dismissed and submitting any and all documents or written evidence supporting respondent's request for consideration and reasons therefor.

Although the record reflects that the Provisional Order was served upon respondent, no response has been received to date. Accordingly, the Board considered the matter, determined that further proceedings were not necessary, and the Provisional Order should be made final.

ACCORDINGLY, IT IS ON THIS 18th DAY OF November, 2002,
ORDERED THAT:

1. Respondent's license to practice as a physician's assistant in the State of New Jersey is hereby suspended for three years, to be served as probation.
