STATE OF NEW JERSEY
DEPARTMENT OF LAW & PUBLIC SAFETY
DIVISION OF CONSUMER AFFAIRS
BOARD OF MEDICAL EXAMINERS

IN THE MATTER OF THE SUSPENSION OR :
REVOCATION OF THE REGISTRATION OF : Administrative Action
: :
LOIS WEIERSTALL :
: :
: : FINAL ORDER
: : OF DISCIPLINE
TO PRACTICE ATHLETIC TRAINING :
IN THE STATE OF NEW JERSEY :
:

This matter was opened to the New Jersey State Board of Medical Examiners (Board) upon receipt of information which the Board has reviewed and on which the following findings of fact and conclusions of law are made;

FINDINGS OF FACT

1. Respondent, Lois Weierstall, is an athletic trainer registered in the State of New Jersey. In her capacity as a licensee, respondent was the athletic trainer for the high school soccer team and the victim was a member of the soccer team.

2. On November 20, 2000, respondent was indicted in Superior Court of New Jersey, Bergen County, on four Counts of alleged sexual contact and four Counts of sexual assault upon J.M., a minor, whom respondent had supervisory or disciplinary power over, contrary to the provisions of N.J.S.A. 2C:14-2c(3) and 2C:14-3b. In her capacity as a licensee, respondent was the

athletic trainer for the high school soccer team and the victim was a member of the soccer team. Respondent committed sexual assault on the victim after the victim finished her athletic career as a soccer player but was still a high school student.

3. Respondent voluntarily surrendered her registration to practice athletic training pursuant to an Interim Order of Surrender, filed on June 18, 2001, until the Board's review of the resolution of the criminal charges filed against respondent were resolved.

4. On or about September 27, 2002, respondent pled guilty to Count Three, second degree crime (for sentencing purposes third degree crime), of the Indictment in violation of N.J.S.A. 2C:14-2c(3). Count Three states that respondent did commit sexual assault upon the victim with a birth date of 8/23/84, by performing an act of sexual penetration, to wit: digital penetration upon the victim, the victim being at least sixteen but less than eighteen years of age and the actor having supervisory or disciplinary power over the victim.

5. Respondent was sentenced to four (4) years of custody to the Department of Corrections and community supervision for life. Respondent was incarcerated at the Edna Mahon Correctional Facility in Clinton, New Jersey and was placed on parole on July 29, 2004.

CONCLUSIONS OF LAW

1. The above guilty plea in New Jersey provides grounds to take disciplinary action against respondent's registration to practice athletic training in New Jersey since respondent pled guilty to a crime involving moral turpitude or relating adversely to the activity regulated by the Board N.J.S.A. 45:1-21(f).

Based on the foregoing findings and conclusions, a Provisional Order of Discipline revoking respondent's license to practice as an athletic trainer in the State of New Jersey was entered on May 27, 2004 and a copy served on respondent. The Provisional Order was subject to finalization by the Board at 5:00 p.m. on the 30th business day following entry unless respondent requested a modification or dismissal of the stated Findings of Fact or Conclusions of Law by submitting a written request for modification or dismissal setting forth in writing any and all reasons why said findings and conclusions should be modified or dismissed and submitting any and all documents or other written evidence supporting respondent's request for consideration and reasons therefor.

Respondent responded by requesting a modification to the Findings of Fact set forth in paragraphs 2 and 5 of the Provisional Order. Respondent asserted that as written in the Provisional Order, paragraph 2 implies that the improper sexual contact between respondent and the victim began while the victim was a member of the high school soccer team. Respondent requests modification to

any school team. Respondent stated that she did not have improper contact with the victim while she was a participant in any athletic contests. Furthermore, respondent seeks modification to paragraph 5 of the Provisional Order since it incorrectly states that respondent is currently incarcerated at the Edna Mahon Correctional Facility for Women and she will not be eligible for parole until January 25, 2005. In fact, respondent informed the Board that she was placed on parole on July 29, 2004.

Respondent's submissions were reviewed by the Board, and the Board determined that further proceedings were not necessary and that no material discrepancies had been raised. The Board did, however, determine to incorporate the requested modifications to paragraphs 2 and 5 into the Findings of Fact in the Final Order of Discipline.

ACCORDINGLY, IT IS on this 21st day of Oct 2004,

ORDERED that:

1. Respondent's registration to practice athletic training in New Jersey is hereby revoked.

MEDICAL EXAMINERS

**DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE
WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSURE
HAS BEEN ACCEPTED**

APPROVED BY THE BOARD ON MAY 10, 2000

All licensees who are the subject of a disciplinary order of the Board are required to provide the information required on the Addendum to these Directives. The information provided will be maintained separately and will not be part of the public document filed with the Board. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq. Paragraphs 1 through 4 below shall apply when a license is suspended or revoked or permanently surrendered, with or without prejudice. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains a probation or monitoring requirement.

1. Document Return and Agency Notification

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

2. Practice Cessation

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension or surrender, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The disciplined licensee is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The disciplined licensee may contract for, accept payment from another licensee for or rent at fair market value office premises and/or equipment. In no case may the disciplined licensee authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. (In situations where the licensee has been suspended for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is suspended, for the payment of salaries for office staff employed at the time of the Board action.)

A licensee whose license has been revoked, suspended for one (1) year or more or permanently surrendered must remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies

A licensee shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice. The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board action.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall divest him/herself of all financial interest. Such divestiture shall occur within 90 days following the the entry of the Order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Secretary of State, Commercial Reporting Division, demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation, the corporation must be dissolved within 90 days of the licensee's disqualification.

4. Medical Records

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that during the three (3) month period following the effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of

general circulation in the geographic vicinity in which the practice was conducted. At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the licensee shall promptly provide the record without charge to the patient.

5. Probation/Monitoring Conditions

With respect to any licensee who is the subject of any Order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

(a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.

(b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.
