IRINA RISIN	:	CONSENT ORDER
20355	:	
TO PRACTICE PHARMACY IN THE	:	
STATE OF NEW JERSEY	:	

This matter was opened to the New Jersey State Board of Pharmacy by Peter C. Harvey, Attorney General of New Jersey, Marianne W. Greenwald, Deputy Attorney General appearing. Respondent entered into a Consent Order with the Board of Pharmacy on January 2, 2001 whereby she agreed to the voluntary surrender of her pharmacy license pending further Order of the Board upon respondent's application for reinstatement.

In connection with an application for reinstatement, respondent appeared before the full Board and testified as to her past treatment for substance abuse and her present efforts to maintain sobriety. It appearing that respondent has completed a

treatment program and has been compliant with requirements of the New York State Department of Education, Professional Assistance Program, and respondent having satisfied the Board of her intention to maintain her sobriety, and the Board being satisfied that the within Order adequately reflects the health, safety and welfare of the public, and it further appearing that respondent wishes to resolve this matter without the necessity of further formal proceedings, and for good cause shown,

ACCORDINGLY, IT IS ON THIS 27<sup>th</sup> DAY OF April, 2005, 2004,

**ORDERED AND AGREED,**

1. Respondent shall submit, (1) documentation of her successful current completion of 30 continuing education credits and, (2) an in-depth/psychological evaluation satisfactory to the Board by a Board approved psychologist or psychiatrist. Thereafter, the license to practice pharmacy of Irina Risin shall be reinstated and placed on a probationary status for six (6) months subject to compliance with paragraphs 2 through 7 herein. If respondent violates any of the provisions of paragraphs 2 through 7 herein, the Board may initiate proceedings to revoke her license to practice pharmacy.

2. (a) Irina Risin shall submit to random urine monitoring a minimum of two (2) times per month at a laboratory facility approved by the Board during the six (6) months period of probation. The urine monitoring shall be conducted with direct

witnessing of the taking of the samples as designed by the laboratory facility. The initial drug screen shall utilize appropriate screening techniques and all confirming tests and/or secondary tests will be performed by gas chromatography/mass spectrometry (G.C./M.S.). The testing procedure shall include a forensic chain of custody protocol to ensure sample integrity and to provide documentation in the event of a legal challenge.

(b) All test results shall be provided directly to Joanne Boyer, Executive Director of the Board, or her designee in the event she is unavailable. The Board also will retain sole discretion to modify the manner of testing in the event technical developments or individual requirements indicate that a different methodology or approach is required in order to guarantee the accuracy and reliability of the testing.

(c) Any failure by respondent to submit or provide a urine sample within twenty-four (24) hours of a request will be deemed to be equivalent to a confirmed positive urine test. In the event respondent is unable to appear for a scheduled urine test or provide a urine sample due to illness or other impossibility, consent to waive that day's test must be secured from Joanne Boyer, or her designee. Personnel at the lab facility shall not be authorized to waive a urine test. In addition, respondent must provide the Board with written substantiation of her inability to appear for a test within (2) days, e.g., a physician's report attesting that she was so ill that she was unable to provide the

urine sample or appear for the test. "Impossibility" as employed in this provision shall mean an obstacle beyond the control of respondent that is so insurmountable or that makes appearance for the test or provision of the urine sample so infeasible that a reasonable person would not withhold consent to waive the test on that day.

(d) In the event respondent will be out of the State for any reason, the Board shall be so advised so that arrangements may be made at the Board's discretion for alternate testing. The Board may, in its sole discretion modify the frequency of testing or method of testing during the monitoring period.

(e) Any urine test result showing creatinine levels below 20 mg/dL and a specific gravity below 1.009 shall create a rebuttable presumption of a confirmed positive urine test. Such specimen shall be immediately subjected to the confirming GC/MS test.

(f) Respondent shall familiarize herself with all foods, food additives or other products (such as poppy seeds) which may affect the validity of urine screens, be presumed to possess that knowledge, and shall refrain from the use of such substances. Ingestion of such substances shall not be an acceptable reason for a positive urine screen and/or failure to comply with the urine monitoring program.

3. Respondent shall abstain from the use of alcohol and controlled dangerous substances and shall not possess any controlled dangerous substances except pursuant to a bona fide

prescription written by a physician or dentist for good medical or dental cause in his own treatment. In addition, respondent shall advise and all treating physicians and/or dentists of her history of substance abuse. Respondent shall cause any physician or dentist who prescribes medication for her which is a controlled dangerous substance to provide a written report to the Board together with patient records indicating the need for such medication. Such report shall be provided to the Board no later than two (2) days subsequent to the prescription in order to avoid confusion which may be caused by a confirmed positive urine test as a result of such medication.

4. Respondent shall provide any and all releases to any and all parties who are participating in the monitoring, treatment or other program as outlined in this Order, as may be required in order that all reports, records, and other pertinent information may be provided to, and utilized by the Board in a timely manner.

5. Respondent shall not be a pharmacist-in-charge for the six (6) month period of probation.

6. Respondent shall give written notice to the Board, and to her employer by way of a copy of this Order, prior to beginning or changing any employment.

7. Respondent shall be subject to an Order of automatic suspension of her license upon the Board's receipt of any information which the Board, in its sole discretion, deems reliable demonstrating that respondent has failed to comply with any of the

conditions set forth in this Consent Order, including but not limited to a report of a confirmed positive urine, or a prima facie showing of a relapse or recurrence of alcohol or drug abuse.

8. Respondent shall have a right to apply for removal of the ~~automatic suspension on ten (10) days notice to the Board and to the Attorney General.~~ The Board may hold a hearing on that application before the full Board or before a Committee of the Board. In the event a Committee hears the application, its action shall be subject to ratification of the full Board at its next scheduled meeting. In a hearing seeking removal of the automatic suspension, any confirmed positive urine shall be presumed valid.
