**NEW JERSEY STATE BOARD
OF MEDICAL EXAMINERS**

STATE OF NEW JERSEY
DEPARTMENT OF LAW & PUBLIC SAFETY
DIVISION OF CONSUMER AFFAIRS
STATE BOARD OF MEDICAL EXAMINERS

IN THE MATTER OF THE SUSPENSION :
OR REVOCATION OF THE LICENSE OF : Administrative Action
 :
RAJINDER SINGH, M.D. :
LICENSE NO. 25 MA 03176600 : CONSENT ORDER FOR
 : REINSTATEMENT OF LICENSE
 :
TO PRACTICE MEDICINE AND SURGERY:
IN THE STATE OF NEW JERSEY :

This matter was most recently opened to the New Jersey State Board of Medical Examiners ("Board") upon receipt of a petition from Rajinder Singh, M.D. seeking to restore his New Jersey medical license which he voluntarily surrendered, permanently and with prejudice, in 1993. Dr. Singh surrendered his New Jersey license based upon a 1992 action by the Ohio medical board for admitted quality of care violations. Thereafter, Dr. Singh was permanently revoked in Ohio in 1997 on a finding of impaired ability to practice due to habitual or excessive use or abuse of drugs. Dr. Singh dates the beginning of his recovery from substance abuse to 2002.

On January 16, 2008 Dr. Singh appeared with Dr. Canavan from the Professional Assistance Program ("PAP") and testified before a Preliminary Evaluation Committee ("PEC") of the Board seeking the

CERTIFIED TRUE COPY

reinstatement of his license. After its review of this matter the Board deemed the application to be premature.

On June 17, 2009, a PEC reviewed additional documentation in support of Dr. Singh's petition for the reinstatement of his license. The Committee reviewed an updated report of Dr. Singh's AA/NA and 12-Step meeting attendance logs, as well as, the previous submissions of a PAP Position statement dated January 16, 2008, letters from Dr. Singh's treating psychiatrist and counselor, and documentation of Dr. Singh's completion of a six week Drexel Physician's Refresher Course. On August 12, 2009, the Board reviewed the Committee's recommendation and concurred with its assessment that Dr. Singh has achieved a continuous, progressive recovery from his substance abuse disorder, and that, subject to the conditions embodied in this Order, he has demonstrated sufficient rehabilitation, fitness, and ability to safely resume his practice of medicine.

The parties being desirous of resolving this matter without the necessity of further proceedings, and it appearing that Dr. Singh has read the terms of the within Order and understands their meaning and effect and consents to be bound by same, and it further appearing that the Board finds that the within Order is adequately protective of the public health, safety, and welfare,

IT IS ON THIS 16th DAY OF September, 2009,

ORDERED:

1. The license of Rajinder Singh, M.D. ("Respondent") to practice medicine and surgery in the State of New Jersey is hereby reinstated

subject to the restrictions set forth in this Order.

2. Respondent shall continue his enrollment in PAP-NJ and shall remain compliant with all the requirements of that program.

3. Respondent shall maintain absolute abstinence from all psychoactive substances, including alcohol, except upon prescription from a treating physician for a documented medical condition with advance notification to the Executive Medical Director of the PAP. Respondent shall cause any individual who prescribes medication which is a controlled dangerous substance to provide a written report to the PAP with patient records indicating the need for such medication. Such report shall be provided to the PAP no later than seven (7) days subsequent to the prescription in order to avoid any confusion which may be caused by a confirmed positive urine test as a result of such medication.

4. Respondent shall attend Alcoholics Anonymous, Narcotics Anonymous, and/or 12-Step meetings as directed by the PAP. Respondent shall continue to attend these meetings three (3) times per week until such time as the Executive Medical Director of the PAP determines that a modification to the frequency of the meetings is warranted consistent with Respondent's duration in recovery. Notification of any changes in Respondent's attendance at these meetings shall be given to the Executive Director of the Board or his designee. Respondent shall provide evidence of attendance at such groups directly to the PAP on a form or in a manner as required by the PAP. The PAP shall advise the Board immediately in the event it receives information that Respondent has discontinued attendance at the support groups.

5. Respondent shall have his urine monitored under the supervision of the PAP on a random unannounced once a week basis for the next twelve (12) months. Thereafter, urine monitoring shall be on a schedule determined by the Executive Medical Director of the PAP consistent with Respondent's duration in recovery. Notification of any changes in Respondent's urine monitoring shall be given to the Executive Director of the Board or his designee.

The urine monitoring shall be conducted with direct witnessing of the taking of the samples by an individual designated by the PAP. The testing procedure shall include a forensic chain of custody protocol to ensure sample preservation and integrity, and to provide documentation in the event of a legal challenge. The PAP shall be responsible to assure that all urine samples are handled by a laboratory competent to provide these services.

All test results shall be provided in the first instance directly to the PAP and any positive results shall be reported immediately by the PAP to the Executive Director of the Board or his designee. The Board also will retain sole discretion to modify the manner of testing in the event technical developments or individual requirements indicate that a different methodology or approach is required in order to guarantee the accuracy and reliability of the testing.

Any failure by Respondent to submit or provide a urine sample within twenty-four (24) hours of a request will be deemed to be equivalent to a confirmed positive urine test. In the event Respondent is unable to appear for a scheduled urine test or provide a urine sample due to illness or other impossibility, consent to waive that day's test must be

secured from the Executive Medical Director of the PAP, or his designee. Neither a volunteer nor drug clinic staff shall be authorized to consent to waive a urine test. In addition, Respondent must provide the PAP with written substantiation of his inability to appear within two (2) days, e.g. a physician's report, attesting that Respondent was so ill that he was unable to provide the urine sample or appear for the test. "Impossibility" as employed in this provision shall mean an obstacle beyond the control of Respondent that makes appearance for a test or provision of the urine sample so infeasible that a reasonable person would not withhold consent to waive the test on that day. The PAP shall immediately advise the Board of each instance where a request has been made to waive a urine test together with the PAP's determination in each such case.

6. Respondent shall attend monthly face-to-face meetings with a clinical representative of the PAP for the first six (6) months after resuming his practice of medicine in New Jersey. The face-to-face meetings shall be reduced to a bi-monthly basis for the next six (6) months. Thereafter, the face-to-face meetings shall be on a quarterly basis until such time as Respondent has attained three (3) years of documented recovery. The frequency of the face-to-face meetings thereafter shall be on a schedule determined by the Executive Medical Director of the PAP consistent with Respondent's duration in recovery. Notification of any changes in Respondent's face-to-face followup with the PAP shall be given to the Executive Director of the Board or his designee.

7. The PAP shall provide quarterly status reports to the Board in

regard to its monitoring of Respondent as outlined herein including, but not limited to, the urine testing and attendance at support groups. The PAP shall attach to its quarterly reports any and all appropriate reports and/or documentation concerning any of the monitoring aspects of the within program. The PAP shall immediately notify the Board in the event of any indication of a relapse into substance and/or alcohol abuse, and/or non-compliance with the mandates of this Order.

8. Respondent agrees to limit his employment to a supervised position(s) only. Respondent shall provide a copy of the within Order to all future employer(s) and supervisor(s). Respondent agrees that all future employer(s) and supervisor(s) shall notify PAP-NJ, in writing, if any evidence of relapse or violation of this Order.

9. Prior to the resumption of active medical practice in New Jersey, Respondent shall take and achieve a passing score on the Special Purpose Examination (SPEX) within six (6) months of entry of this Order. In the event Respondent fails to achieve a passing score, he shall notify the Board and refrain from practice pending the issuance of further direction from the Board. The results of this examination must be provided to the Executive Director, William Roeder at the Office of the Board of Medical Examiners, P.O. Box 183, Trenton, New Jersey 08625.

10. Respondent hereby consents to the entry of an Order of Automatic Suspension of license without notice, upon the Board's receipt of any information which the Board, in its sole discretion, deems

reliable demonstrating that Respondent has failed to comply with any of the conditions herein, including but not limited to, a report of a confirmed positive urine or a prima facie showing of a relapse or recurrence of alcohol or drug abuse. The evidence upon which the Order of Automatic Suspension is based shall be provided to the Respondent within 24 hours of the entry of the Order.

11. Respondent shall have the right to apply for removal of the automatic suspension upon written application to the Executive Director of the Board or his designee. A meeting of a Committee of the Board shall be convened within fourteen (14) days of the receipt of Respondent's application to remove the automatic suspension. Respondent shall be granted an opportunity to present evidence limited to a showing that the urine tested was a false positive or that other information the Board relied upon was false. The Committee of the Board shall decide whether or not to grant Respondent's application for the removal of the automatic suspension. Such decision shall take effect immediately. The full Board shall review the Committee's decision at its next regularly scheduled meeting.

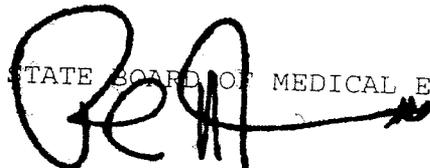

12. Any modifications to this Order shall require Respondent to appear before a Committee of the Board.

13. All costs associated with the monitoring program as outlined herein shall be paid directly by Respondent.

14. Respondent shall provide appropriate releases to any and all parties who are participating in the monitoring program as outlined herein as may be required in order that all reports, records, and other pertinent information may be provided to the Board in a timely manner.

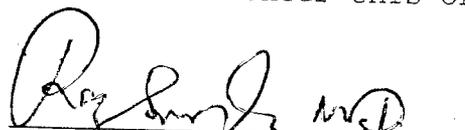

15. The parties hereby stipulate that entry of this Order is without prejudice to further action by this Board or other law enforcement entities resulting from Respondent's conduct prior to entry of this Order.

NEW JERSEY STATE BOARD OF MEDICAL EXAMINERS

By: _____
Paul C. Mendelowitz, M.D.
President

I have read and understood the above Order and I agree to abide by its terms. Consent is hereby given to the Board to enter this Order.

Rajinder Singh, M.D.

Consented to on behalf of the Professional Assistance Program:

Louis E. Baxter Sr., M.D.
Medical Director
Professional Assistance Program
