STATE BOARD OF DENTISTRY

In the Matter of the Application for
Reinstatement of License of

VINCENT La BRUNA, D.D.S.
License No. 22 DI 1778200

to Practice Dentistry
in the State of New Jersey

Administrative Action

**ORDER OF REINSTATEMENT
OF LICENSE**

This matter was opened to the New Jersey State Board of Dentistry ("Board") upon the application of Vincent LaBruna D.D.S. ("Dr. LaBruna" or "respondent"), seeking to reinstate his license to practice dentistry. The Board, after review of the record, will reinstate Dr. LaBruna's license subject to the restrictions in this order.

The Board entered a Provisional Order of Discipline on September 11, 2006, based on respondent's 2002 conviction for health care fraud and disciplinary actions based on that conviction taken by the States of New York and Pennsylvania. Prior to the entry of a

Final Order and in resolution of that matter, respondent on July 16, 2008, entered into a Consent order with the Board. By that consent order, respondent's license was suspended for five years, of which one year was to be served as an active suspension; respondent was to appear before the Board in connection with his application for reinstatement and demonstrate to the Board that he was capable of discharging the functions of a licensee in a manner consistent with the public's health, safety and welfare; and he would, upon reinstatement, be required to perform 100 hours of dental-related community service. Respondent appeared before the Board on August 5, 2009, with Michael Quiat, Esq., and addressed issues related to the conduct underlying the Board's action. He expressed remorse for his actions, described his efforts at rehabilitation, including performing volunteer work, the continuing dental education he has completed, and his plans for future practice in New Jersey.

Based on the record, the Board has determined that respondent may have his license reinstated subject to the conditions outlined in this order. The Board finds that the requirements placed on respondent's practice by this order are adequate to protect the health, safety, and welfare of the public, and that good cause exists for entry of this order.

IT IS ON THIS 21st DAY OF OCTOBER, 2009

ORDERED:

1. Respondent shall continue in counseling, at his own expense, with his treating psychotherapist as directed by the psychotherapist. Respondent shall not terminate counseling without prior Board approval. A request to change his treating psychotherapist shall be made to the Board prior to the change or, if circumstances prevent prior notice from being given, within two weeks of the change. Respondent shall be

responsible for ensuring that any and all persons providing therapy provide the Board with quarterly reports regarding his progress in counseling.

2. Not later than April 15, of each year for the next five years, respondent shall submit to an independent psychological evaluation by a mental health professional pre-approved by the Board, with the report from the evaluation forwarded to Board.

3. Respondent shall retain, at his expense, an auditor to perform an annual review of his business practices for the next five years, with particular focus on submission of claims to government entities, insurance companies and third party payors. The report generated by that audit shall be provided to the Board not later than December 31 of each year, beginning in calendar year 2010.

4. Respondent shall be subject to random audits by the Board or its designee for a minimum period of five years from the reinstatement of his license. Respondent shall be responsible for the costs associated with the random audit. Failure to cooperate with the audit or to pay costs associated with the audit shall be deemed a violation of this Consent order.

5. Respondent shall provide any and all releases to any and all parties who are monitoring or treating him as required by this order, so that all reports, records, and other pertinent information may be provided to the Board in a timely manner. With regard to any requirement for submission of the quarterly reports to the Board, the beginning of the first quarter is deemed to commence January 1, 2010.

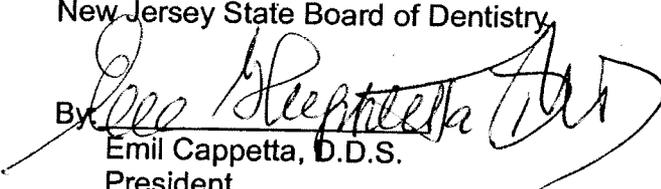

6. Respondent shall complete 100 hours of Board approved, dental-related community service within six months of the entry of this consent order. Respondent shall submit his proposed plan for community service to Jonathan Eisenmenger, Executive

Director, New Jersey State Board of Dentistry, P.O. Box 45005, Newark, New Jersey
07101.

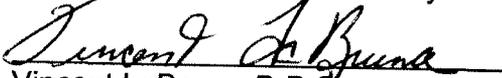

7. Respondent may apply for modification of the terms of this order not
sooner than one year following its entry.

New Jersey State Board of Dentistry
