IN THE MATTER OF THE SUSPENSION
OR REVOCATION OF THE LICENSE OF

JAMES J. MAUTI, M.D.
LICENSE NO. 25MA0761280

TO PRACTICE MEDICINE AND SURGERY
IN THE STATE OF NEW JERSEY

Administrative Action

CONSENT ORDER
OF REVOCATION

This matter was opened to the New Jersey State Board of Medical Examiners (hereinafter the "Board") upon the filing of an Interim Consent Order on or about September 3, 2008 pursuant to which Respondent James J. Mauti, M.D. ("Respondent") agreed to practice with a chaperone, among other terms, until further order of the Board and the outcome of a pending criminal matter.

The Board's record herein reflects that on or about November 02, 2007 Respondent was indicted in the Superior Court of New Jersey, Law Division - Criminal, Union County, for the sexual assault of J.L., an employee and patient, at his home office. On

CERTIFIED TRUE COPY

or about December 11, 2012, following a jury trial, Respondent was found guilty in the Union County Superior Court of New Jersey violating N.J.S.A. 2C:14-3(a) and N.J.S.A. 2C:14-3(b).

In an unrelated matter, it was reported to the Board that on March 12, 2010, Respondent entered a Stipulation of Settlement with the State of New Jersey wherein he admitted to violating N.J.S.A. 17:33A-1 et seq. He agreed to pay a sum of \$32,000 to the Commissioner, New Jersey Department of Banking and Insurance.

The Board finds that Respondent's conviction and admitted violations constitute a violation of N.J.S.A. 45:1-21(b) (providing that disciplinary action may be taken against a licensee who engages in dishonesty, fraud, deception or misrepresentation), N.J.S.A. 45:1-21(e) (providing that disciplinary action may be taken against a licensee who engages in professional or occupational misconduct), N.J.S.A. 45:1-21(f) (providing that disciplinary action may be taken against a licensee that has been convicted of, or engaged in acts constituting, any crime or offense involving moral turpitude or relating adversely to the activity regulated by the Board), N.J.S.A. 45:1-21(k) (providing that disciplinary action may be taken against a licensee that has violated any provision of N.J.S.A. 17:33A-1 et seq.) and N.J.S.A. 45:9-6 (providing that a licensee of the Board of Medical Examiners has an on-going duty to demonstrate good moral character).

Respondent desiring to resolve this matter without need for formal disciplinary proceedings, and the Board being satisfied that the need for such proceedings is obviated by the entry of the within Order, and being further satisfied that good cause exists to support entry of the within Order,

It is on this 22 day of January, 2013,

Ordered and Agreed:

1. Respondent, James J. Mauti, M.D.'s, license to practice medicine and surgery is hereby revoked.
2. Respondent is barred from re-application for licensure by this Board until successful completion of any criminal sentence. In the event the criminal conviction is reversed on appeal, Respondent may immediately reapply for licensure.
3. Respondent shall return his original New Jersey license, any biennial registration cards in his possession and his original CDS registration to the New Jersey State Board of Medical Examiners, Post Office Box 183, Trenton, New Jersey 08625-0183, upon receipt of a filed copy of this Order.
4. Respondent shall immediately notify the Drug Enforcement Agency of the entry of this Order.
5. Respondent shall comply with the attached "Directives Applicable to Any Medical Board Licensee Who Is Disciplined or Whose Surrender of Licensure Has Been Accepted," which Directives

are incorporated herein by reference. Expressly, the Respondent may maintain his professional corporation until March 15, 2013 for the sole purpose of collecting outstanding account receivables and other monies owed the corporation and for the sale of the practice.

6. The entry of this Order is without prejudice to further action by other Federal or State law enforcement entities, the Office of Drug Control or the Attorney General resulting from Respondent's conduct.

**DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE
WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSURE
HAS BEEN ACCEPTED**

APPROVED BY THE BOARD ON MAY 10, 2000

All licensees who are the subject of a disciplinary order of the Board are required to provide the information required on the addendum to these directives. The information provided will be maintained separately and will not be part of the public document filed with the Board. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq; Paragraphs 1 through 4 below shall apply when a license is suspended or revoked or permanently surrendered, with or without prejudice. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains a probation or monitoring requirement.

1. Document Return and Agency Notification

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

2. Practice Cessation

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension or surrender, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The disciplined licensee is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The disciplined licensee may contract for, accept payment from another licensee for or rent at fair market value office premises and/or equipment. In no case may the disciplined licensee authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. (In situations where the licensee has been suspended for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is suspended, for the payment of salaries for office staff employed at the time of the Board action.)

A licensee whose license has been revoked, suspended for one (1) year or more or permanently surrendered must remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies

A licensee shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice. The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board action.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall divest him/herself of all financial interest. Such divestiture shall occur within 90 days following the the entry of the Order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Secretary of State, Commercial Reporting Division, demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation, the corporation must be dissolved within 90 days of the licensee's disqualification.

4. Medical Records

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that during the three (3) month period following the effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of general circulation in the geographic vicinity in which the practice was conducted. At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the

licensee shall promptly provide the record without charge to the patient.

5. Probation/Monitoring Conditions

With respect to any licensee who is the subject of any Order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

(a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.

(b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.

Pursuant to N.J.S.A. 45:9-19.13, if the Board refuses to issue, suspends, revokes or otherwise places conditions on a license or permit, it is obligated to notify each licensed health care facility and health maintenance organization with which a licensee is affiliated and every other board licensee in this state with whom he or she is directly associated in private medical practice.

In accordance with an agreement with the Federation of State Medical Boards of the United States, a list of all disciplinary orders are provided to that organization on a monthly basis.
