Re: Modifications to License Restrictions

Dear Dr. Gardner,

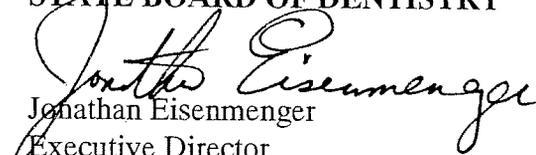

The New Jersey State Board of Dentistry (the "Board") has reviewed reports from the Professional Assistance Program of New Jersey (PAPNJ) and from your therapist, as required by the Board's Consent Order Reinstating License with Restrictions filed on February 22, 2012. Upon review, the Board noted that your therapist has recommended that the Board release you from the requirement to participate in psychotherapy.

Upon review of the information available, the Board has determined to relieve you of the requirement to participate in psychotherapy. Please be advised, however, that all other requirements remain in effect, including the requirement to continue participation with the PAPNJ, utilize triplicate prescription pads, and filling all required reports with the Board on a timely basis.

The Board wishes you to know that it is pleased with your earnest participation with the your therapist, and encourages you to continue in recovery with the treatment(s) and method(s) that have benefitted you to this point. The Board hopes that you will continue to progress in your recovery, and that you will be able to enjoy a long and full life and career.

Please accept the Board's best wishes on your continued recovery.

Sincerely,
STATE BOARD OF DENTISTRY

Jonathan Eisenmenger
Executive Director

JEFFREY S. CHIESA
Attorney General

ERIC T. KANEFSKY
Acting Director
