<u>STATE OF NEW JERSEY</u>	:	

This matter was opened to the New Jersey State Board of Nursing (the "Board") upon receipt of a written petition from Rona Lee, RN, ("Respondent") to be released from any remaining restrictions and conditions placed upon her practice of nursing pursuant to the terms agreed to in a Consent Order filed on August 28, 2012.

The Consent Order provided that Respondent was released from the Professional Assistance Program conditioned on her continued therapy with Dr. Michael Cannella, M.D., Ph.D. until

such time as Respondent was released by the therapist.

By letter dated September 24, 2012, Dr. Cannella discharged Respondent as a current patient after she had successfully completed treatment.

The Board has determined that Respondent has complied with the terms of the Consent Order, including successful completion of therapy. The Board has, therefore, determined that the within Order is sufficiently protective of the public health, safety and welfare; and in lieu of further proceedings, and for other good cause shown;

IT IS on this 13th day of May, 2013

HEREBY ORDERED that:

1. Respondent's petition to be released from all conditions and restrictions contained in the Consent Order filed on August 28, 2012 is hereby granted and Respondent's license is no longer subject to restriction or encumbrance.
