This matter was opened to the New Jersey State Board of Nursing (" Board") upon the receipt of information indicating the following;

1. Respondent, Stephanie Perez, is the holder of License No. NR 10223200 and is a registered nurse in the State of New Jersey.

2. Respondent entered into a private letter agreement with the Board, which she signed on or about April 3, 2013. (Exhibit A) The agreement required respondent to enroll in the Recovery and Monitoring Program of New Jersey (RAMP), undergo evaluation and monitoring, agree to follow recommendations by RAMP for further treatment, and to refrain from the use of any and all potentially addictive substances. (Exhibit A, ¶¶2, 6, and 10.) The agreement was to have the force and effect of a Board Order within the intendment of N.J.A.C. 13:45C-1.4. In the event that the Board received reliable information that respondent had acted in violation of the RAMP contract and/or the agreement, the agreement was no longer to remain confidential.

3. In a communication dated August 15, 2013, RAMP advised the Board that respondent was noncompliant with her RAMP contract. (Exhibit B)

4. On or about October 9, 2013, a letter issued by overnight and regular mail to respondent at her address of record, advising respondent that the Board had received credible information indicating that she was not in compliance with the private letter agreement, and advising her to forward within five days any proof that she was currently in compliance with RAMP. The overnight mailing was delivered on October 14, 2013. (Exhibit C) The regular mailing was not returned. No response has been received to date.

5. The private letter agreement signed by respondent provided for automatic suspension of respondent's nursing license upon receipt of reliable information indicating that respondent has violated any term of the private letter agreement. (Exhibit A, ¶13)

6. A certification from RAMP's Director dated October 31, 2013 indicates that respondent has ceased participation in RAMP in that she missed more than forty check-in calls for drug screening between May and August 8, 2013; did not appear for five scheduled drug screenings between May of 2013 and August 8, 2013; did not attend required peer group meetings after June 25, 2013; and did not follow through on RAMP's recommendation for inpatient treatment made on July 11, 2013. (Exhibit D)

IT IS on this 1<sup>st</sup> day of November, 2013

HEREBY ORDERED that:

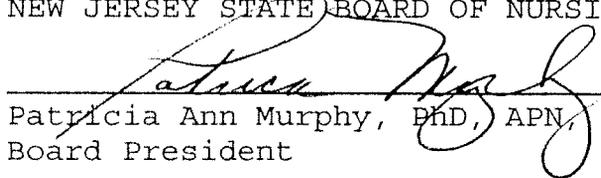

1. Respondent's license to practice nursing in the State of New Jersey shall be and hereby is suspended for her violation of the private letter agreement, which is deemed a violation of a Board Order within the intendment of N.J.A.C. 13:45C-1.4 and N.J.S.A. 45:1-21(e).

2. Respondent may, under the terms of the private letter agreement, upon notice, request a hearing on the sole issue of whether respondent has failed to comply with the terms of the private letter agreement.

3. In the event that respondent seeks reinstatement of her New Jersey nursing license at any future time, the Board shall not entertain any application for reinstatement without respondent's demonstrating that she is in full compliance with the terms and conditions of the private letter agreement and with any agreement with RAMP.
