In the matter of:

WARREN K. SOMMER, M.D.

* ORDER OF
* UNRESTRICTED LICENSURE

This matter was reopened before the New Jersey State Board of Medical Examiners (the "Board") upon the Board's receipt of a request dated June 11, 2013 from Joseph M. Gorrell, Esq., counsel for respondent Warren K. Sommer, M.D., seeking the entry of an Order discontinuing all conditions which had been placed upon respondent's practice of medicine pursuant to an Order of Limited Reinstatement of License (the "Reinstatement Order") filed by the Board on October 1, 1985. Specifically, the Reinstatement Order had imposed restrictions on respondent's practice to include conditions that he practice only in a salaried position, that he engage in no private practice until further order of the Board and that he not direct bill any third party payor. While the Reinstatement Order specifically provided that respondent could seek modification of terms after a two year period, respondent did not do so prior to June 11, 2013, and thus the terms of that Order have continued to constitute active restrictions on respondent's practice of medicine.

In support of his request, respondent submitted a certification dated June 11, 2013, wherein respondent listed his complete employment history following the restoration of his license. Respondent

further certified that, in each setting, he had been salaried and had no responsibility for billing. The Board has reviewed respondent's request and the history of this matter, and finds that respondent has, for the over twenty-seven year period since its entry, substantially complied with the conditions imposed upon him pursuant to the Reinstatement Order. The Board further finding that there is no longer a continued need to place any restrictions on respondent's practice, and that good cause exists for the entry of this Order,

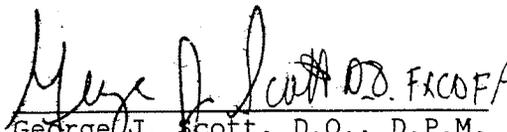

IT IS on this 15 day of November, 2013

ORDERED:

All conditions and restrictions placed upon the medical practice of respondent Warren K. Sommer, M.D. by operation of a prior Order of this Board filed on October 1, 1985 are discontinued. Dr. Sommer's license to practice medicine and surgery in the State of New Jersey is hereby restored to unrestricted status.
