Re: Request to Amend Terms of Consent Order

Dear Dr. Gardner,

The New Jersey State Board of Dentistry received correspondence from Dr. Louis Baxter of the Professional Assistance Program of New Jersey (PAPNJ). Specifically, Dr. Baxter reports that you have been in compliance with all aspects of your monitoring plan. Additionally, he reports that you have requested approval to discontinue attendance at weekly support groups, which the PAPNJ has approved.

Please be advised that based on the report from Dr. Baxter, the Board approved a modification of a term of the Consent Order filed by the Board on February 22, 2012. Specifically, you are released from the requirement to attend support group meetings, pursuant to the recommendation of the PAPNJ. However, you should be aware that all other terms of the Consent Order remain in effect. This letter will be attached to the public order, and will be considered as a public record as part of that file. Further modifications to the Board order may be requested by writing to the Board, which will examine your request at that time.

Thank you for your cooperation with the Board. If you have any additional questions or concerns, please do not hesitate to contact the Board's office at the address noted above. The Board wishes you well in your ongoing recovery.

Very truly yours,
STATE BOARD OF DENTISTRY
