This matter was opened to the New Jersey State Board of Medical Examiners ("Board") upon receipt of information revealing the following:

1. Respondent, Glen E. Marin, D.O., is the holder of License No. MB54525 and was licensed to practice medicine and surgery in

the State of New Jersey on March 26, 1990 and, thereafter, permitted that license to lapse on June 30, 2007.

2. On or about May 15, 2013, the New York State Board for Professional Medical Conduct ("New York Board") entered a "Consent Order" adopting a "Consent Agreement and Order" ("Consent Order") at which time Respondent's license to practice medicine was placed on probation for three (3) years with certain terms, limitations and conditions. The Consent Order stated that Respondent agreed not to contest the allegations set forth in a "Statement of Charges" charging that on or about July 18, 2007 Respondent, during his examination and treatment of Patient A, engaged in inappropriate verbal and/or physical conduct.

3. Respondent's failure to submit his biennial renewal in New Jersey in 2007 has resulted in a lapsed license status and the automatic suspension of Respondent's license to practice medicine and surgery in the State of New Jersey without a hearing pursuant to N.J.S.A. 45:1-7.1(b).

ACCORDINGLY, IT IS on this 16th day of Sept, 2014,
ORDERED THAT:

1. Respondent's license to practice medicine and surgery in the State of New Jersey is suspended by operation of N.J.S.A. 45:1-7.1, without a hearing.

2. In the event that Respondent seeks reinstatement of his New Jersey license at any time in the future, then this Order shall

require Respondent to appear before a Committee of the New Jersey State Board of Medical Examiners to establish that he is fit to practice medicine in New Jersey; provide information concerning the disciplinary action taken by the New York Board; and, further, demonstrate to the Board's satisfaction that he holds an active unrestricted license to practice medicine in New York. Additionally, the Board reserves the right to take disciplinary action and place restrictions and/or limitations upon Respondent's license to practice medicine and surgery in the State of New Jersey. Restoration of Respondent's CDS registration in New Jersey, if applicable, may be sought from the Director of the Division of Consumer Affairs pursuant to the requirements set forth in N.J.S.A. 24:21-1, et. seq., the New Jersey Controlled Dangerous Substances Act, and governing rules.
