**License No. 25MA07168000**  
**NJ CDS Registration No. D07961200**

Administrative Action

**CONSENT ORDER OF  
 TEMPORARY SUSPENSION  
 OF LICENSE and NJ CDS  
 REGISTRATION**

This matter was opened to the New Jersey State Board of Medical Examiners (the "Board") and Steve C. Lee, Acting Director of the New Jersey Division of Consumer Affairs (the "Director") on or about December 4, 2013, upon receipt of information that Alan J. Faustino, M.D., License No. 25MA07168000, NJ CDS Registration No. D07961200 ("Respondent") was engaged in the indiscriminate prescribing of Controlled Dangerous Substances ("CDS") providing the basis for Board action under N.J.S.A. 45:1-21(m) and was engaged in the prescribing of CDS in the usual course of professional practice, without legitimate medical purpose in violation of N.J.A.C. 13:45H-7.4. As such, Respondent's conduct provides basis under N.J.S.A. 24:21-12(a) (3) for the Director to suspend or revoke Respondent's NJ CDS registration.

On or about April 22, 2015, Respondent was arrested by the Atlantic County Prosecutor's Office ("ACPO"). Also on this date, the Enforcement Bureau of the Division of Consumer Affairs ("EB")

accompanied agents of the Drug Enforcement Agency ("DEA") and the ACPO for an inspection and an investigation of Respondent's medical office located at 167 New Jersey Avenue, Absecon, NJ 08205. Through the course of the investigation, it was determined that Respondent had been prescribing CDS without legitimate medical purpose, notably highly addictive narcotics, to his patients. The evidence adduced during the investigation includes, but is not limited to a Prescription Monitoring Program (PMP) report, patient records and consumer complaints.

Respondent, having been advised that he may consult legal counsel before signing this interim order, does not admit the conduct described, but has expressed his consent to the temporary suspension of his license and NJ CDS Registration pending further order of the Board and the Director.

The Board and the Director, finding the within disposition adequately protective of the public health, safety and welfare, and other good cause having been shown,

IT IS, therefore, on this 23 day of April, 2015,

ORDERED THAT:

1. The license to practice medicine in the State of New Jersey, issued to Respondent, Alan J. Faustino, M.D., License No. 25MA07168000, is hereby temporarily suspended effective immediately, pending further order of the Board.
2. Respondent's New Jersey CDS registration, No. D07961200, is temporarily suspended pending further order of the Director.
3. Respondent shall immediately return his original New Jersey license, current biennial registration to William Roeder, Executive Director, New Jersey Board of Medical Examiners, P.O. Box 183, Trenton, NJ 08625-0183 and his NJ CDS registration to Matt Wetzel, Acting Executive Director, New Jersey Division of Consumer Affairs, Drug Control Unit, P.O. Box 45005, 124 Halsey Street, Newark, New Jersey, 07101, and shall immediately cease and desist from prescribing or dispensing medications and from the practice of medicine.

4. Pursuant to N.J.S.A. 24:21-12(f), the Director shall promptly notify the DEA of the entry of this Interim Consent Order.

5. Pursuant to N.J.S.A. 24:21-12(e) the Director further orders that Respondent immediately place under seal all prescription pads and any and all CDS in his possession, except for any CDS Respondent possesses for personal use pursuant to a duly issued prescription. Respondent's prescription pads and CDS shall remain under seal until such time as a final order which includes the disposition of these sealed items is entered by the Director and/or Board in this matter.

6. Respondent understands that this Interim Order is independent of, and not in lieu of, proceedings on behalf or by the DEA and further agrees that resolution of any pending DEA matters will not resolve any matter which has, or could, be brought before the Board or Director. The parties hereby stipulate that entry of this Order is without prejudice to the filing of an Administrative Complaint and/or further investigation and/or action by this Board, Director or other law enforcement entities resulting from Respondent's conduct. The parties further stipulate that the entry of this Order is without admission of any wrongdoing by Respondent.

7. This order shall remain in effect until specifically modified by the Board and/or the Director through the entry of a subsequent order(s).

8. Respondent may apply to the Board and/or the Director to request a hearing for modification of the terms of this order. If Respondent requests a hearing to modify this Interim Order, the Board and/or Director shall convene a hearing within forty-five (45) days of Respondent's request to determine whether the restraints in the Interim Order should continue under the requirements set forth in N.J.S.A. 45:1-22 and/or N.J.S.A. 24:21-12. The Board and the Director, in their sole discretion, may hold a joint hearing to address both the temporary suspension of Respondent's license and NJ CDS Registration. The Board may hear any application pursuant to this paragraph, either jointly with the

Director, or on its own at its next regularly scheduled Board meeting and/or, in its sole discretion, at a specially convened committee meeting of the Board.

9. Respondent has been specifically informed that he may consult an attorney to represent him in this matter. Respondent acknowledges that he has been advised of the ability to consult with counsel and that he chooses to voluntarily enter into this Interim Consent Order.

**DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE  
WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSURE  
HAS BEEN ACCEPTED**

**APPROVED BY THE BOARD ON MAY 10, 2000**

All licensees who are the subject of a disciplinary order of the Board are required to provide the information required on the Addendum to these Directives. The information provided will be maintained separately and will not be part of the public document filed with the Board. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq. Paragraphs 1 through 4 below shall apply when a license is suspended or revoked or permanently surrendered, with or without prejudice. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains a probation or monitoring requirement.

**1. Document Return and Agency Notification**

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

**2. Practice Cessation**

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension or surrender, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The disciplined licensee is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The disciplined licensee may contract for, accept payment from another licensee for or rent at fair market value office premises and/or equipment. In no case may the disciplined licensee authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. (In situations where the licensee has been suspended for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is suspended, for the payment of salaries for office staff employed at the time of the Board action.)

A licensee whose license has been revoked, suspended for one (1) year or more or permanently surrendered must remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

### **3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies**

A licensee shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice. The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board action.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall divest him/herself of all financial interest. Such divestiture shall occur within 90 days following the the entry of the Order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Secretary of State, Commercial Reporting Division, demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation, the corporation must be dissolved within 90 days of the licensee's disqualification.

### **4. Medical Records**

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that during the three (3) month period following the effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of

general circulation in the geographic vicinity in which the practice was conducted. At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the licensee shall promptly provide the record without charge to the patient.

## **5. Probation/Monitoring Conditions**

With respect to any licensee who is the subject of any Order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

(a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.

(b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.

**NOTICE OF REPORTING PRACTICES OF BOARD  
REGARDING DISCIPLINARY ACTIONS**

Pursuant to N.J.S.A. 52:14B-3(3), all orders of the New Jersey State Board of Medical Examiners are available for public inspection. Should any inquiry be made concerning the status of a licensee, the inquirer will be informed of the existence of the order and a copy will be provided if requested. All evidentiary hearings, proceedings on motions or other applications which are conducted as public hearings and the record, including the transcript and documents marked in evidence, are available for public inspection, upon request.

Pursuant to 45 CFR Subtitle A 60.8, the Board is obligated to report to the National Practitioners Data Bank any action relating to a physician which is based on reasons relating to professional competence or professional conduct:

- (1) Which revokes or suspends (or otherwise restricts) a license,
- (2) Which censures, reprimands or places on probation,
- (3) Under which a license is surrendered.

Pursuant to 45 CFR Section 61.7, the Board is obligated to report to the Healthcare Integrity and Protection (HIP) Data Bank, any formal or official actions, such as revocation or suspension of a license (and the length of any such suspension), reprimand, censure or probation or any other loss of license or the right to apply for, or renew, a license of the provider, supplier, or practitioner, whether by operation of law, voluntary surrender, non-renewability, or otherwise, or any other negative action or finding by such Federal or State agency that is publicly available information.

Pursuant to N.J.S.A. 45:9-19.13, if the Board refuses to issue, suspends, revokes or otherwise places conditions on a license or permit, it is obligated to notify each licensed health care facility and health maintenance organization with which a licensee is affiliated and every other board licensee in this state with whom he or she is directly associated in private medical practice.

In accordance with an agreement with the Federation of State Medical Boards of the United States, a list of all disciplinary orders are provided to that organization on a monthly basis.

Within the month following entry of an order, a summary of the order will appear on the public agenda for the next monthly Board meeting and is forwarded to those members of the public requesting a copy. In addition, the same summary will appear in the minutes of that Board meeting, which are also made available to those requesting a copy.

Within the month following entry of an order, a summary of the order will appear in a Monthly Disciplinary Action Listing which is made available to those members of the public requesting a copy.

On a periodic basis the Board disseminates to its licensees a newsletter which includes a brief description of all of the orders entered by the Board.

From time to time, the Press Office of the Division of Consumer Affairs may issue releases including the summaries of the content of public orders.

Nothing herein is intended in any way to limit the Board, the Division or the Attorney General from disclosing any public document.
