This matter was opened to the New Jersey State Board of Medical Examiners ("Board") upon the filing of a Verified Complaint and Order to Show Cause on April 30, 2015, with a return date of May 13, 2015. The Verified Complaint was filed based upon the testimony of John S. Clemente ("Respondent") at an Investigative Inquiry on February 23, 2011, review of reports of loss of hospital privileges at Jersey Shore University Medical Center and Riverview Medical Center; inspection reports of Respondent's office, Heart Medicine LLC, 55 North Gilbert Street, Tinton Falls, New Jersey by

Safeguard Services LLC, contractors for the Centers of Medicare and Medicaid Services, and by the Enforcement Bureau, Division of Consumer Affairs, in February and March 2015; and police reports from Colts Neck Police Department.

The Verified Complaint alleges that Respondent's personal health indicates he is incapable for medical or any other good cause, of discharging the functions of a licensee in a manner consistent with the public's health, safety and welfare, and there is a basis pursuant to N.J.S.A. 45:1-21(i) to suspend his license. As such, Respondent presents a clear and imminent danger to the public, warranting a temporary suspension of his license to practice medicine, pursuant to N.J.S.A. 45:1-22. An Interim Order was filed on June 4, 2015, nunc pro tunc May 13, 2015, in which Respondent agreed to the temporary suspension of his license to practice medicine and surgery until the Acting Attorney General's application was considered by the Board at its next regularly scheduled meeting or another date mutually agreed upon by the parties or ordered by the Board.

The parties being desirous of entering into an interim resolution of this matter, which alleges a palpable demonstration of an imminent danger to the public, and it appearing that Respondent has read the terms of the within Order and understands their meaning and effect and consents to be bound by same, and the Board finds that the within disposition is adequately protective of

the public health, safety and welfare, and for good cause shown,

IT IS ON THIS 10<sup>th</sup> \_\_\_\_\_ DAY OF JUNE, 2015,

ORDERED THAT:

1. Respondent agrees to voluntarily surrender his license to practice medicine and surgery in all jurisdictions with such surrender to be deemed a temporary suspension. This temporary suspension shall remain in effect until the resolution of the plenary hearing and further Order of the Board or until Respondent makes application to the Board or a Committee thereof to demonstrate his fitness and competency to practice medicine and surgery in the State of New Jersey and further Order of the Board.

The criteria for demonstration for fitness shall be determined by the Board and the Board may at that time require any additional evaluation or coursework. Effective immediately, Respondent shall not accept any new patients to his practice located at 55 North Gilbert Street, Building <sup>1000</sup> ~~3~~, Tinton Falls, New Jersey 07701 nor shall he make any appointments with current patients.

2. This Interim Consent Order is without any admissions of liability or wrongdoing by Respondent and without prejudice to any response or defense Respondent may raise to the Acting Attorney General's application.

3. During the time Respondent's license is temporarily suspended, he shall cease and desist all patient contact at any location and the rendering of medical care, including the issuance

of any prescriptions for, or dispensation of, medications of any kind, including but not limited to Controlled Dangerous Substances.

4. During the time Respondent's license is temporarily suspended, he shall not enter the premises of his medical practice during business hours when patients may be present.

5. During the time Respondent's license is temporarily suspended, he shall not charge, receive or share in any fee for professional services rendered by him or others while barred from engaging in the professional practice of medicine. Respondent shall be permitted to collect account receivables with respect to professional services that he rendered prior to the date of the filing of this Order.

6. Respondent shall return his original New Jersey medical license, current biennial registration, and CDS registration to the New Jersey State Board of Medical Examiners, P.O. Box 183, Trenton, New Jersey 08625-0183.

7. Respondent shall immediately advise the Drug Enforcement Agency ("DEA") of this Order, and provide the Board within five days of proof of said notification to the DEA.

8. Respondent shall comply with the Directives Regarding Licensees who have been disciplined, which is attached hereto and made a part hereof.

9. The parties hereby stipulate that entry of this Order is without prejudice to further action, investigation, and prosecution

by this Board, the Acting Attorney General, the Drug Control Unit, the Director of the Division of Consumer Affairs or other law enforcement entities resulting from Respondent's conduct prior to the entry of this Order. Nothing in this Order shall limit the prosecution of the Verified Complaint filed on April 30, 2015.

10. The Board shall retain jurisdiction to enforce the terms of this Order. Upon receipt of any reliable information indicating that Respondent has violated any term of this Order, the Board reserves the right to bring further disciplinary action.

**DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE  
WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSURE  
HAS BEEN ACCEPTED**

**APPROVED BY THE BOARD ON MAY 10, 2000**

All licensees who are the subject of a disciplinary order of the Board are required to provide the information required on the Addendum to these Directives. The information provided will be maintained separately and will not be part of the public document filed with the Board. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq. Paragraphs 1 through 4 below shall apply when a license is suspended or revoked or permanently surrendered, with or without prejudice. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains a probation or monitoring requirement.

**1. Document Return and Agency Notification**

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

**2. Practice Cessation**

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension or surrender, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The disciplined licensee is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The disciplined licensee may contract for, accept payment from another licensee for or rent at fair market value office premises and/or equipment. In no case may the disciplined licensee authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. (In situations where the licensee has been suspended for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is suspended, for the payment of salaries for office staff employed at the time of the Board action.)

A licensee whose license has been revoked, suspended for one (1) year or more or permanently surrendered must remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

### **3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies**

A licensee shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice. The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board action.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall divest him/herself of all financial interest. Such divestiture shall occur within 90 days following the the entry of the Order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Secretary of State, Commercial Reporting Division, demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation, the corporation must be dissolved within 90 days of the licensee's disqualification.

### **4. Medical Records**

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that during the three (3) month period following the effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of

general circulation in the geographic vicinity in which the practice was conducted. At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the licensee shall promptly provide the record without charge to the patient.

## **5. Probation/Monitoring Conditions**

With respect to any licensee who is the subject of any Order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

(a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.

(b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.
