IN THE MATTER OF THE APPLICATION :	
FOR LICENSURE BY :	Administrative Action
	:
MICHAEL K. OXLEY :	
	:
	:
TO PRACTICE NURSING :	CONSENT ORDER OF
IN THE STATE OF NEW JERSEY :	LICENSURE
	WITH LIMITATIONS
	:

This matter was opened to the New Jersey State Board of Nursing ("Board") upon receipt of the application of Michael K. Oxley (Respondent) for a license to practice as a Licensed Practical Nurse (LPN) in the State of New Jersey.

Respondent previously held a New Jersey license to practice as a Real Estate Appraiser. In 2006, while acting autonomously as president and chief appraiser of his own company, Respondent improperly increased the value of properties in order for clients to easily obtain mortgages and wire fraud occurred as Respondent submitted the appraisal reports via email or by electronic means. Respondent's license to practice real estate appraising was revoked due to the above activity in 2009. In 2010, in a federal criminal case based upon the fraudulent conduct (USA v. Oxley, United States District Court for the District of New Jersey, Case # 1:10-cr-00541-RMB), Respondent pled guilty to conspiracy to commit wire fraud. In 2012, Respondent was sentenced to three months in jail, five years in supervised release, and ordered to pay restitution in the amount of \$2,299,028.60 and a special assessment of \$100. Respondent is making installment payments towards the restitution in the amount of \$100 per month.

Respondent accepts responsibility for his previous conduct and maintains that his unique perspective and the significant consequences he has experienced make him more fully aware of the importance and necessity for truthfulness and accuracy in documentation that he would be required to complete as an LPN. He anticipates that he will be working as an employee of a health

care facility and would be supervised. Respondent maintains that in an effort to become a rehabilitated convicted offender, he went to nursing school in order to earn a living and make a difference in people's lives. He studied hard and achieved good grades.

The Board having reviewed this matter, and having considered the nature of the above conduct and intending to protect the public health, safety, and welfare by limiting the possibility of future occurrences of dishonest or inappropriate financial or other professional conduct, and the parties desiring to resolve this matter, and the Board having determined that the within Order is sufficiently protective of the public, in lieu of further proceedings, and for other good cause shown;

IT IS on this 1st day of December, 2015

HEREBY ORDERED AND AGREED that:

1. Respondent's application for a license to practice as a Licensed Practical Nurse shall be granted upon proof of successful completion of the National Council Licensure Examination for Practical Nurses (NCLEX-PN) with the following limitations: Respondent shall be permanently precluded from all aspects of billing and shall not work in any area of nursing which involves billing for services he provides as a nurse

(including, but not limited to home care, private duty, assisted living, or as a visiting nurse). Additionally, Respondent shall be precluded from educating, teaching, or training others about billing, and from supervising billing by others. Respondent shall only work in supervised settings (where his supervisor is on the same unit and shift as Respondent), which does not include assisted living facilities.

2. Respondent shall provide a copy of this Consent Order to all nursing employers and ensure that they are aware of the limitations on Respondent's nursing practice at all times.

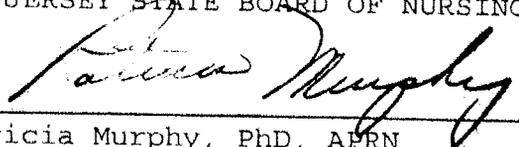

3. Respondent shall continue to make timely payments towards restitution in his federal criminal case.

4. Any deviation from the terms of this Order without the prior written consent of the Board shall constitute a failure to comply with the terms of this Order. Upon receipt of any reliable information which indicates that Respondent has violated any term of this Order, Respondent's license may be automatically suspended by the Board until further Order of the Board. Within fifteen days following receipt of such notice, Respondent may request a hearing to contest the entry of such an Order. At any such hearing, the sole issue shall be whether any of the information received was materially false. In addition, the

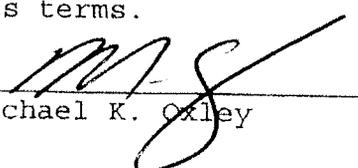

Board reserves the right to bring further disciplinary action.
