

criminal sentence.

Respondent appeared with counsel and testified before a committee of the Board on December 17, 2013 in support of his petition for reinstatement of his license to practice pharmacy in New Jersey. He expressed remorse for his actions and appeared to understand the seriousness of his behavior and was able to articulate clearly the proper way to handle situations similar to those which resulted in his conviction. Respondent provided documentation showing full compliance with his criminal sentencing terms. He has attempted to keep up with the practice of pharmacy by taking continuing education (CE) courses and reading pharmacy journals and periodicals. Subsequent to his appearance, at the request of the Board, Respondent enrolled in and successfully completed a Board approved ethics course and the Pharmacist Assessment for Remediation Evaluation (PARE) exam.

The Board finding that Respondent has demonstrated sufficient rehabilitation, fitness and ability to practice pharmacy, and has complied with the conditions set forth in the Consent Order of December 9, 2010, and the parties, having agreed to resolution of this matter without formal proceedings, and Respondent, having agreed and given his voluntary consent to the within order and waiving any right to a hearing, and the Board finding the within disposition adequately protective of the public health, safety, and welfare, and other good cause having been shown;

IT IS, therefore on this 16th **day of** February, **2016**

ORDERED THAT:

1. Respondent's license to practice pharmacy in the State of New Jersey shall be reinstated immediately, subject to the terms of this Order.
2. Respondent shall not act as a preceptor or pharmacist-in-charge (RPIC) at any pharmacy, and shall not own or have an ownership interest in any pharmacy. Respondent may petition the Board to remove this requirement upon submission of written documentation of a

minimum of two years of employment as a pharmacist.

3. Respondent shall provide a copy of this Order to all employers where a pharmacy license is required for employment or where the Respondent has access to medication, prescriptions or patient profiles. Respondent shall ensure that each employer notifies the Board in writing that he or she has received this Order and is aware of his Federal and State exclusion/debarment status prior to Respondent beginning employment. Respondent shall inform the Board in writing of any employment changes, including periods of unemployment, and shall also provide a detailed description of each job, his role and responsibilities. Respondent may petition the Board to remove this requirement upon submission of written documentation that he is no longer on the Federal OIG exclusion list and New Jersey State debarment list.

4. Respondent shall provide documentation to the Board within three months of the date this Order is filed showing successful completion of ten (10) Board approved continuing education credits in clinical practice. These credits shall be in addition to those continuing education credits required by N.J.A.C. 13:39-3A.1 et seq.
