BOARD OF MEDICAL EXAMINERS

IN THE MATTER OF THE LICENSE OF :
: Norman Sveilich, D.O. : Administrative Action
License No. 25MB02387100 :
: CONSENT ORDER
TO PRACTICE MEDICINE AND SURGERY :
IN THE STATE OF NEW JERSEY :
:

This matter was opened to the New Jersey State Board of Medical Examiners ("Board") upon receipt of information that on or about September 23, 2014, the New York State Board for Professional Medical Conduct ("New York Board") entered a "Consent Order" which adopted a "Consent Agreement" at which time the Respondent, Norman Sveilich, was placed on probation for 36 months and limitations were placed on Respondent's medical license. Specifically, Respondent's license to practice medicine was limited to preclude all surgery, with the exception of arthroscopic and carpal tunnel surgery subject to certain conditions.

CERTIFIED TRUE COPY

The Respondent agreed in the Consent Agreement that he would not contest the one specification of professional misconduct, namely, negligence on more than one occasion, as set forth in a "Statement of Charges" which alleged that Respondent failed to render appropriate care and treatment to four patients in that he failed to perform appropriate pre-operative evaluations and/or chose inappropriate procedures and/or performed surgery in an inappropriate manner.

As a result of the foregoing, the Board has determined that Respondent's acts giving rise to the New York disciplinary action and the uncontested specifications of negligence on more than one occasion in New York, provide a basis to take disciplinary action against Respondent's New Jersey license to practice medicine and surgery pursuant to N.J.S.A. 45:1-21(d) and/or N.J.S.A. 45:1-21(e).

~~IT NOW APPEARING~~ that the parties wish to resolve this matter without recourse to formal proceedings; and that Respondent hereby waives any right to a hearing in this matter; and the Board finding that the within Order adequately protects the public's health, safety, and welfare; and for good cause shown;

IT IS ON THIS 15th day of MARCH, 201^c8, ORDERED AND AGREED THAT:

1. Respondent's license to practice medicine in New Jersey

is limited to preclude all surgery, with the exception of arthroscopic and carpal tunnel surgery, subject to the same conditions already imposed by New York:

- a. Respondent shall be precluded from all surgery requiring general or spinal anesthesia, except for the following arthroscopic surgery on the shoulder: repair of rotator cuff tear, shoulder labrum tear, shoulder impingement, adhesive capsulitis of the shoulder, superior labrum anterior and posterior (SLAP) tear and lysis of shoulder adhesions; and
- b. Respondent shall perform all surgery only in a facility licensed by the New Jersey Department of Health; and
- c. Respondent shall perform surgery only while monitored by a Board-certified orthopedic surgeon designated by the Chief of Orthopedic Surgery at the facility.

2. Respondent agrees that he shall remain in full compliance with the requirements of the New York Consent Order; and

3. Respondent agrees that upon the receipt of verified information of any failure to comply with any terms of this Consent Order, the Board may automatically suspend his license to practice medicine in New Jersey and initiate disciplinary action based on the violations of the Order. In such event, upon five-days' notice, Respondent may request a hearing to contest entry of such an order. At any such hearing, the sole issue shall be whether any of the

information received regarding his violation of the Order was materially false.

4. Respondent shall comply with the Directives Regarding Licensees who have been disciplined, which are attached hereto and made a part hereof.
