Re: Settlement Letter in Lieu of Formal Disciplinary Proceedings:

Dear Dr. Sloane:

The New Jersey State Board of Dentistry completed its review of information regarding your response to the Board's inquiry into your use of injectable pharmacological agents. Based upon its review it appears that you have not complied with the Board's statutes and regulation governing the use of injectable pharmacologics, specifically, N.J.A.C. 13:30-8.4. The course you completed in 2008 was not approved by the Board to enable participants to administer injectable pharmacologics.

The Board is offering you an opportunity to settle this matter and to avoid the initiation of formal disciplinary proceedings if you agree to:

1. Cease and desist from administering injectable pharmacologics unless and until you complete a Board approved course in the administration of injectable pharmacologics.
2. Pay a civil penalty in the amount of \$2,500 for violating the Board's regulations on injectable pharmacologics without completing the appropriate course work (N.J.A.C. 13:30-8.4A(d) and (k)).

If you are willing to settle this matter on these terms, please sign the acknowledgment at the bottom of this letter, and return it to the Board office. The penalty should be paid by a check or money order payable to the "State of New Jersey." You should be aware that upon receipt of your signed acknowledgment, this letter will be a matter of public record.

In the event you are unwilling to settle this matter on the offered terms, it will be referred to the Attorney General's office for the initiation of an appropriate enforcement action. In such event, you will be afforded an opportunity to defend against the alleged violations. If an evidentiary hearing is deemed warranted, the Board will either conduct that hearing at a date and

time to be scheduled or refer the matter to the Office of Administrative Law. You are advised, however, that in the event formal charges are filed, the Board may assess civil penalties in an amount greater than those offered in settlement here, in addition to other sanctions, should any charges against you be sustained. Additionally, the Board may, if the facts are found to so warrant, enter an order requiring you to reimburse certain monies and/or requiring you to pay the additional costs incurred by the Board. Should you have any questions concerning this letter or the settlement offer, I suggest that you contact Deputy Attorney General Nancy Costello Miller, who may be reached at (973) 648-2500.

---

If you elect to settle this matter, you should sign the acknowledgment at the bottom of this letter and return it to the Board within fifteen (15) days following your receipt of this letter. In the event that the Board receives no response from you within fifteen (15) days, the Board's settlement offer will be withdrawn, and the matter will be referred to the Attorney General's Office for the initiation of appropriate enforcement proceedings.

Please note that dentists are permitted to administer injectable pharmacologics for cosmetic or functional enhancement of peri-oral tissue (see N.J.A.C. 13:30-8.4A(c)). According to N.J.A.C. 13:30-8.4A(a), the perio-oral area is defined as "gums, cheeks, jaws, lips and oral cavity and associated tissues. As such, the use of injectable pharmacologics for areas outside the peri-oral area, such as cosmetic enhancement for forehead lines or crow's feet, is not within the scope of practice of dentistry. Practice outside the scope of your license may result in sanctions.

Sincerely,  
NEW JERSEY STATE BOARD OF DENTISTRY

Jonathan Eisenmenger  
Executive Director
