October 13, 2016

Dear New Jersey Licensee:

This letter is to serve as official notice from the Division of Consumer Affairs ("Division") that the Drug Control Unit will extend the expiration date of all physician, pharmacy, and veterinary controlled dangerous substances (CDS) registrations, with an October 31, 2016 expiration date, to December 31, 2016. **Therefore, all CDS registrations with an expiration date of October 31, 2016 will be valid until December 31, 2016.** If a healthcare provider, credentialing service, employer or drug wholesaler requires confirmation of the extension, please provide a copy of this letter.

The Drug Control Unit is extending the expiration dates to ensure that CDS registrants experience no interruption in their employment or ability to order, prescribe, or dispense CDS as the Division integrates an updated licensing system. The Division strongly urges you to act expeditiously and as if the original deadline of renewal of October 31st were in effect.

The status and expiration date of CDS registrations may be verified through the Division's license verification system by calling 973-273-8090.

Very truly yours,

Steve C. Lee
Director
