

State Health Insurance Assistance Program

What is SHIP?

consumer *brief*

The State Health Insurance Assistance Program (SHIP) provides free help to New Jersey Medicare beneficiaries who have problems with, or questions about, their health insurance.

SHIP is a statewide program sponsored by the New Jersey Department of Health and Senior Services' Division of Aging and Community Services with funding from the U.S. Department of Health and Human Services' Centers for Medicare and Medicaid Services.

Frequently there are questions about Medicare benefits and claims, Medicare supplement policies, and long-term-care

insurance. Counselors, trained in health insurance coverage and benefits which affect Medicare beneficiaries, provide information and assistance for dealing with claims and evaluating health insurance needs.

Counselors do not provide legal advice, nor do they sell, recommend or endorse any specific insurance product, agent or insurance company. They provide information and assistance so that you can make your own decision. Counseling is free of charge.

If you suspect Medicare or Medicaid fraud call 732-777-1940 ext. 120, or 877-678-4697.
