2. DUTY TO COOPERATE REGULATION

Attached is a copy of a memo from Attorney General Peter C. Harvey regarding the readoption of N.J.A.C. 13:45C: Duty to Cooperate Regulation with some technical amendments. The Executive Committee reviewed the proposal and believed that no comments were necessary.

**3. SURGICAL AND ANESTHESIA STANDARDS
ALTERNATIVE PRIVILEGING – IMPLEMENTATION ISSUES**

Attached for the Board's consideration is a memorandum from Assistant Attorney General Joyce and Judith I. Gleason addressing a number of issues, some of which are administrative in nature, concerning the implementation of the surgical and anesthesia standards regulations, generally, and the alternative privileges program in specific.

4. LEGISLATION

S 2753 Seeks to clarify the law concerning the emergency administration of epinephrine to students for anaphylaxis; seeks to increase the number of delegates trained to administer epinephrine, and to require a plan to reduce student exposure to allergens.

The bill was introduced by Senators Thomas K. Kean, Jr. and Shirley K. Turner; Co-Sponsored by Senators Martin and Sweeney.

The Executive Committee has not had an opportunity to review this bill. In the past, the Board has supported

attempts at clarification of the law concerning the administration of epinephrine to students for anaphylaxis.

S 2762 Seeks to establish limits for certain damages in medical malpractice actions.

The bill was introduced by Senator Joseph M. Kyrillos, Jr.

The Executive Committee has not had an opportunity to review this bill.
