The above mentioned game is approved for use in New Jersey as an amusement game, as defined in the Amusement Game Licensing Law, N.J.S.A. 5:8-100 et seq. ("Law"), and the regulations promulgated thereunder, N.J.A.C. 13:3-1.1 et seq. ("Regulations"). This approval is based upon information supplied by the applicant at the time of application for certification. The game must be operated in accordance with the specifications submitted and the terms of this certification. Any modification of the manufacturer's specifications or the specified method of play immediately voids this certification.

It is unlawful to operate any amusement game in the State of New Jersey without a valid certification.

Cyclone is a three player position game. The game has a ring of light bulbs encircling the play field. A player attempts to stop the light between the neon arches located in the middle of the players position. Each bulb has a ticket value associated with it. As the light gets closer, the ticket value increases.

This certification is conditioned upon the following:

- 1.) The maximum price to play shall not exceed the values set forth in N.J.A.C. 13:3-3.4.
- 2.) Payout must occur immediately in the form of tokens or tickets.
- 3.) Game shall be installed and maintained according to manufacturer specifications.
- 4.) Game Menu selections shall remain at factory settings.
- 5.) Game shall be clean and free of debris..

This certification is not a license to operate the captioned gambling device. The device may only be operated in a location specifically approved for the operation of amusement games pursuant to the Law and Regulations.

The Commission reserves the right to suspend, revoke or modify this certification upon notice to the manufacturer and/or applicant.
