("Law"), and the regulations promulgated thereunder, N.J.A.C. 13:3-1.1 et seq. ("Regulations"). It is unlawful to operate any amusement game in the State of New Jersey without a valid certification.

The coin can fall down onto three moving conveyor belts with prize targets at the end of each conveyor. Payout is dependent upon where the coin lands.

- 1.) The maximum price to play shall not exceed values set forth in N.J.A.C. 13:3-3.4.
- 2.) Payout must occur immediately in the form of tokens or tickets.
- 3.) The gun spring tension shall be at a setting that will allow the coin that is fired to reach any prize position.
- 4.) Game shall be clean and free of debris.
- 5.) Game shall be installed and maintained according to manufacturer specifications.

This certification is not a license to operate the captioned gambling device. The device may only be operated in a location specifically approved for the operation of amusement games pursuant to the Law and Regulations.
