GAME DESCRIPTION

The Dealer is a touch screen activated, PC based sequential skill stop redemption game. The object of the game is to assemble the best possible poker hand. The game begins by shuffling of the cards and rapidly showing them, face up to the player. By touching the desired card, the player is dealt that card. If the player fails to play the game within a specified period of time, the game will begin to deal cards out. Once five cards are dealt, the player can keep the cards or choose to draw up to five cards. After the final deal, the cards are calculated and awarding of any prize amounts are based upon the outcome of the game.

CONDITIONS

- 2.) Payout must occur immediately upon a win.
- 3.) Game shall be clean and free of debris.
