This Certification of Permissibility contains three pages. This is page 1 of 3.

GAME DESCRIPTION

The Wizard Of Oz Pinball Machine game is a single player non competitive arcade redemption game. The Wizard Of Oz Pinball Machine is a standard pinball which consists of a pinball, game flippers and various objects within the games play field.

The object of the game is for the player to shoot the pinball into the play field. As the pinball rolls down and through the play field it will strike and bump into objects within the play field awarding a score. The player also taps the game flipper buttons located on each side of the player position. This allows the player to continue game play by shooting the pinball back up into the play field. Once the pinball passes by the flippers into the pinball return area the game is deemed over. Tickets are awarded based upon the players outcome scores and addition tickets are awarded if various special theme objects were successfully hit. Upon completion of the game tickets are dispensed to the player for prize redemption.

CONDITIONS

- 1.) The maximum price to play shall not exceed values set forth in N.J.A.C. 13:3-3.4.
- 2.) Payout must occur immediately in the form of tickets redeemable for prizes.
- 3.) Game shall be clean and free of debris.
- 4.) Game shall be installed and maintained according to manufacturer specifications.

The approved operating software version is listed below:

Software Identification

The operation of the Wizard Of Oz Pinball Machine electronic redemption game is controlled by software stored on a micro controller which is secured on the main Central Processing Unit (CPU) board. The Wizard Of Oz Pinball Machine **software version 5.0 P** can be viewed on the LED point display located at the back plain of the game cabinet during a power cycle.
