2) Publication of a notice of the cessation and the established procedure for the retrieval of records in a newspaper of general circulation in the geographic location of the licensee's practice, at least once each month for the first three months after the cessation; and

3) Making reasonable efforts to directly notify any patient treated during the six months preceding the cessation, providing information concerning the established procedure for retrieval of records.

13:42-8.2 USE OF PERSONAL OR OTHER COMPUTER TO PREPARE CLIENT RECORDS

a) A licensee who prepares a client record maintained solely on a personal or other computer shall use a write-protected program which:

1) Contains an internal permanently activated date and time recordation for all entries;
2) Automatically prepares a back-up copy of the file; and

3) Is designed in such manner that, after the licensee "signs" by means of a confidential personal code ("CPC"), the entry cannot be changed in any manner.

b) Notwithstanding the permanent status of a prior entry, the licensee may make a new entry at any time and may indicate correction to a prior entry.

c) The licensee shall include in the client record at least two forms of identification; for example, name and record number or any other specific identifying information.

An authorized representative may be client's attorney or an agent of a third party payor with whom the client has a contract which provides that the third party payor be given access to records to assess a claim for monetary damages or reimbursement.

b) A licensee may require the record request to be in writing. No later than 30 days from receipt of a request from a client or duly authorized representative, the licensee shall provide a copy of the client record and/or billing records, including reports relating to the client. d) A licensee may charge a reasonable fee for the preparation of a summary and reproduction of records, which shall be no greater than an amount reasonably calculated to recoup the costs of transcription or copying.

e) A licensee may withhold information contained in the client record from a client or the client's guardian if, in the reasonable exercise of his or her professional judgment, the licensee believes release of such information would adversely affect the client's health or welfare.
1) That record or the summary, with an accompanying explanation of the reasons for the original refusal, shall nevertheless be provided upon request of and directly to:

ii) Another licensed health care professional; or

The licensee may charge reasonable fees for completion of reports other than health insurance claim forms, for which no fee may be charged pursuant to N.J.S.A. 45:1-12.

h) When a request is made for release of already completed reports to enable the client to receive ongoing care by another practitioner, the licensee shall not require prior payment for the professional services to which such reports relate as a condition for making such reports available. A licensee may, however, require advance payment for a report prepared for services as an expert witness.

13:42-8.4 ACCESS BY A MANAGED HEALTH CARE PLAN TO INFORMATION IN CLIENT RECORD

a) With regard to a client whose treatment cost is covered by a wholly insured health insurance plan, or a multiple employer welfare arrangement (MEWA), including a managed health care plan, a licensee shall make available, on request of the client or duly authorized
representative with the client's consent, all information required, but only pursuant to

d) A licensee may reveal, in writing, lectures or other public forums, personal information obtained during the course of professional work only as follows:

f) A licensee may reveal the identity of research subjects only if the subjects have granted explicit permission.

g) A licensee may release confidential documents, testimony or other information contained in the client record only in accordance with the provisions of N.J.A.C. 13:42-8.3 and this section.

13:42-8.6 MINORS

a) Unless otherwise ordered by a court, if the client is a minor, a parent or legal guardian will be deemed to be an authorized representative, as defined at N.J.A.C. 13:42-8.3(a). When the patient is more than 14 years of age, but has not yet reached the age of majority, the authorization shall be signed by the patient and by the patient's parent or legal guardian, pursuant to N.J.S.A. 45:14B-36(e).

b) This section shall not require a licensee to release to a minor's parent or guardian records or information relating to the minor's sexually transmitted disease, termination of pregnancy or substance abuse or any other information that in the reasonable exercise of the licensee's professional judgment may adversely affect the minor's health or welfare.

c) Unless otherwise ordered by a court, at least one parent or guardian shall consent to the treatment of a minor. If one parent consents, a licensee may treat a minor even over the objection of the other parent.
d) The provisions at N.J.A.C. 13:42-8.3, 8.4 and 8.5 shall apply to access to client records, access by a managed health care plan to information in client record and confidentiality of minors.

c) An expert testimonial shall be rendered only by an individual possessing specialized expertise sufficient to allow the rendering of a bona fide statement or opinion.

**13:42-9.7 PROHIBITED TYPES OR METHODS OF ADVERTISING**

a) A licensee shall not make any statement or claim or make use of any professional format which is false, fraudulent, misleading or deceptive with regard to the performance of professional services or accepted standards of professional practice.

Any member of the consuming public may notify the Board of any complaint relative to the practice conducted under this license at the Division of Consumer Affairs, Board of Psychological Examiners, Post Office Box 45017, 124 Halsey Street, Newark, New Jersey 07101.

**13:42-10.2 NOTIFICATION OF CHANGE OF ADDRESS; SERVICE OF PROCESS**

a) Each licensee and permit holder shall notify the Board, in writing, within 30 days of any change in the address on file with the Board and shall specify whether the address is a residence or employment address.
b) Service of an administrative complaint or other process initiated by the Board, the Attorney General or the Division of Consumer Affairs at the address on file with the Board shall be deemed adequate notice for the commencement of any inquiry or disciplinary proceeding.

13:42-10.3 (RESERVED)

13:42-10.4 PROFESSIONAL RESPONSIBILITIES TO THE BOARD, OTHER REGULATORY AUTHORITIES, OR THE PUBLIC

a) Where not otherwise specified in this section, the term "licensee" includes holders of licenses and holders of temporary permits issued by the Board.

b) A licensee shall meet professional responsibilities to the Board, to other regulatory authorities, and to the public as determined by accepted standards of practice, law or rules.

c) A licensee shall respond within 30 days or sooner, as specified, to written communication from the Board, the Attorney General or the Director of the Division of Consumer Affairs and shall make available all records required with respect to a complaint from a client or as otherwise deemed necessary regarding the licensee’s conduct. The response period commences on the date of the communication to the licensee’s last reported address.

d) A licensee shall maintain competence consistent with professional responsibilities, including the following:

1) A licensee shall remain abreast of standards of practice in the profession by means of securing continuing education such as training, experience or counsel and through professional journals;

2) A licensee-teacher shall base academic instruction primarily upon material the licensee reasonably believes to be accurate, current and scholarly;

3) A licensee shall obtain competent professional assistance in order to determine whether to voluntarily suspend, terminate or limit the scope of the licensee’s professional and/or scientific activities which are foreseeably likely to lead to inadequate performance or harm to a client, colleague, student or research participant;

13:42-10.5 MAINTAINING COMPETENCE IN TESTING SITUATIONS

a) A licensee who utilizes psychometric instruments in assessment shall be required to have completed foundational course work in psychometric theory/tests and measurement and graduate level course work in individual assessment. Completion of a workshop or continuing education in the use of a specific test shall not be substituted for the required foundational course work.

b) A licensee responsible for development and standardization of psychological tests and other assessment techniques shall utilize established scientific procedures and observe relevant professional standards.

c) Psychometric instruments shall be administered in the manner prescribed in the technical manual which accompanies the psychometric instrument, unless an extenuating circumstance exists, such as an unforeseen or unusual circumstance pertaining to a particular client, in which case psychometric instruments may be administered by alternative procedures. If a test is administered by alternative procedures, then the impact of such deviations on reliability, validity, or fairness shall be addressed in the report. While it is recognized that there are differing schools of thought in the psychological literature regarding issues of test fairness, use of appropriate norms, and appropriate item content for various subgroups, licensees shall be responsible for employing psychometric instruments in a nondiscriminatory manner and with sensitivity to cultural differences. Licensees shall present the results of assessments and their interpretations in such a way as to minimize the potential for misuse by others.

d) A licensee shall make reasonable efforts to avoid use of obsolete testing measures. This subsection shall not be construed, however, to require the use of a more recent edition of an instrument if, in the licensee's professional judgment, a previous version is more appropriate for the particular assessment.

e) Licensees who employ computerized narrative reports shall have the knowledge, skill and ability to interpret the scales of the instrument independently. Licensees shall not rely on the interpretations contained in a computerized narrative report as though the report were individually tailored specifically for that examinee. Statements in the narrative shall be evaluated in the context of the facts of the case and the licensee's own impressions of the test subject. Licensees shall be responsible for conclusions and recommendations based on computerized narrative reports and shall not be relieved of such responsibility by the use of a computerized narrative report.

13:42-10.7 REPORTING OF VIOLATIONS OF OTHER LICENSEES

a) A licensee shall promptly notify the Board when in possession of information which reasonably indicates that another licensee has demonstrated an impairment, gross incompetence, repeated acts of incompetence or professional misconduct which would present an imminent danger to a client or to the public health, safety or welfare.

b) Notwithstanding the provisions of (a) above, when a licensee in the course of a professional relationship with a client who is not a licensee of the Board obtains information from the client about another licensee's suspected unlawful conduct, the licensee shall report the information only with the written permission of the client or authorized representative.
c) Notwithstanding the requirements of (a) above, a licensee who acquires knowledge of impairment, gross incompetence, repeated acts of incompetence or professional misconduct in the course of treating a client-psychologist or an individual exempt from licensure pursuant to N.J.A.C. 13:42-1.3 and N.J.S.A. 45:14B-8 shall not be obligated to notify the Board if:

1) The treating psychologist reasonably believes that the improper conduct has ceased and that the treatment is preventing a recurrence of the impairment, incompetence or professional misconduct; or

2) The treating psychologist has reasonable cause to believe that the incompetent psychologist or exempt professional is currently receiving professional supervisory and educational measures which are reasonably likely to protect clients against gross incompetence.

d) A licensee acquiring privileged information of drug or alcohol abuse in the course of treating a client-psychologist or exempt professional in a substance abuse treatment program governed by Federal law shall, as required by Federal law, first obtain authorization for release of such information from a court of competent jurisdiction or shall obtain the client's written consent to release the information.

e) A licensee is not exempt from reporting any information otherwise mandated by law, such as, but not limited to, P.L.1974, c.119, reporting of an abused child as defined in N.J.S.A. 9:6-8.8 et seq.

13:42-10.8 PROFESSIONAL INTERACTIONS WITH CLIENTS

a) A licensee shall not abandon or neglect a client in need of professional care without making reasonable arrangements for the continuation of such care or offering to help the client find alternative sources of assistance.

b) A licensee shall not abandon or neglect professional employment by a group practice, hospital clinic or other health care facility without reasonable notice or under circumstances which would be expected to seriously impair the delivery of professional care to clients.

c) A licensee shall not willfully harass, abuse or intimidate a client regarding delivery of client services, either physically or verbally.

d) A licensee shall not order or perform excessive tests, treatment or use of treatment facilities not warranted by the condition of the client.
e) A licensee shall terminate a clinical or consulting relationship when it is reasonably clear that the client is not benefiting from it. In such instances, the licensee shall offer to help the client find alternative sources of assistance.

f) A licensee, whether practicing privately or within an institution or agency utilizing psychological services, shall not distort, misuse or suppress the psychological findings by the licensee or others.

g) A licensee shall not misuse his or her influence in a manner that exploits the client's trust and dependency.

13:42-10.9 SEXUAL MISCONDUCT

a) As used in this section, the following terms have the following meanings unless the context indicates otherwise:

"Client" means any person who is the recipient of a professional psychological service rendered by a licensee. "Client" for purposes of this section also means a person who is the subject of professional examination even if the purpose of that examination is unrelated to treatment.

"Sexual contact" means the knowing touching of a person's body directly or through clothing, where the circumstances surrounding the touching would be construed by a reasonable person to be motivated by the licensee's own prurient interest or for sexual arousal or gratification. "Sexual contact" includes, but is not limited to, the imposition of a part of the licensee's body upon a part of the client's body, sexual penetration, or the insertion or imposition of any object or any part of a licensee or client's body into or near the genital, anal, or other opening of the other person's body.

"Sexual harassment" means solicitation of any sexual act, physical advances, or verbal or non-verbal conduct that is sexual in nature, and which occurs in connection with a licensee's activities or role as a provider of psychological services, and that is either unwelcomed, offensive to a reasonable person, or creates a hostile work place environment, and the licensee knows, should know, or is told this, or is sufficiently severe or intense to be abusive to a reasonable person in that context. "Sexual harassment" may consist of a single extreme or severe act, or multiple acts, and may include, but is not limited to, conduct of a licensee with a client, co-worker, employee, student, or supervisee whether or not such individual is in a subordinate position to the licensee.

b) A licensee shall not engage in sexual contact with a current client, a former client to whom psychological services were rendered within the immediately preceding 24 months, a current student, a direct supervisee or supervisor, or a research subject.
c) In circumstances where any of the persons listed in (b) above are, or should be recognized by the licensee as, clearly vulnerable by reason of emotional or cognitive disorder to exploitive influence by the licensee, the prohibition on sexual contact shall extend indefinitely.

d) A licensee shall not engage in sexual harassment in a professional setting (including, but not limited to, an office, hospital or health care facility) or outside of the professional setting.

e) A licensee shall not accept as a client a former sexual partner.

f) In the treatment of sexual dysfunction as well as in other areas of the practice of psychology, a licensee shall not engage in the following conduct, which is hereby defined as professional misconduct:

1) Sexual contact or deliberately hurtful contact between licensee and client;

2) In therapy groups, activities which promote, allow, or involve physical contact of a sexual or deliberately hurtful nature between the licensee and group members, or between group members themselves; and

3) Discussion of an intimate sexual nature with a client, unless that discussion is directly related to legitimate client needs and furthers the client's psychological treatment. At no time shall any such discussions include disclosure by the licensee to the client of his or her own intimate sexual relations or relationships.

g) A licensee shall not engage in any other activity which would lead a reasonable person to believe that the activity serves the licensee's personal prurient interests or is for the sexual arousal, sexual gratification, or sexual abuse of the licensee or client.

h) A licensee shall not seek or solicit sexual contact with a client and shall not seek, solicit, accept, or participate in sexual contact with any person in exchange for professional services.

i) Violation of any of the prohibitions or directives set forth at (b) through (h) above shall be deemed to constitute professional misconduct pursuant to N.J.S.A. 45:1-21(e).

j) It shall not be a defense to any action under this section that:

1) The client solicited or consented to sexual contact with the licensee; or
2) The licensee was in love with or had affection for the client.

**13:42-10.10 FINANCIAL ARRANGEMENTS WITH CLIENTS AND OTHERS**

a) A licensee shall inform clients of the financial arrangements for psychological services. Such financial arrangement(s) should be in writing. If the licensee elects not to provide the financial arrangement(s) in writing, the burden of demonstrating compliance with the regulations in this subchapter shall be on the licensee. The information provided to the client shall include, but not be limited to:

1) The fee for services or the basis for determining the fee to be charged, unless services are provided during an emergency or in other circumstances where disclosure of such information would adversely affect the client's health or welfare;

2) Whether the licensee will accept installment payments or assignment of benefits from a third party payor;

3) Whether Medicaid clients are accepted;

4) Whether Medicare clients are accepted and, if so, if the licensee shall bill the client for any balance remaining after assignment;

6) The financial consequences, if any, of missed sessions.

b) A supervisor may segregate fees received from clients being treated by the supervisee in recognition of the fact that fees charged to such clients shall be less than the usual, reasonable and customary fees charged by the supervisor to his or her own clients.

c) Where payment of the usual fee would be a hardship, a licensee may adjust the fee, or shall assist clients to find other sources or make appropriate referrals for provision of the needed services.

d) All permit holders and licensees shall provide to their clients or their clients' designated insurance carriers, a receipt, when applicable, for services rendered.
13:42-10.11 PROHIBITION ON EXCESSIVE FEES

a) The Board may review information and complaints alleging excessive fees charged by Board licensees. This regulation is not intended to impinge upon the strong public policy in favor of a competitive, free enterprise economy embodied in the antitrust laws of the United States and of this State.

b) A licensee shall not charge an excessive fee for services. A fee is excessive when, after a review of the facts, a licensee of ordinary prudence would be left with a definite and firm conviction that the fee is so high as to be manifestly unconscionable or overreaching in the circumstances.

c) Factors which the Board may consider in determining whether a fee is excessive include, but are not limited to, the following:

1) The novelty and difficulty of the service or treatment;

2) The time and effort required;

3) The skill required to properly perform the procedure or treatment;

4) Any requirements or conditions imposed by the client or by the circumstances;

5) The nature and length of the professional relationship with the client;

6) The experience, reputation and ability of the licensee performing the services;

7) The nature and circumstances under which services are provided; and

8) Comparable fees charged by licensees not under inquiry.

d) Charging an excessive fee in violation of the provisions of this section shall constitute professional misconduct subjecting the licensee to disciplinary sanction by the Board.

13:42-10.12 BILLING

3) The dates and nature of professional services including, in connection with treatment, whether individual or group;

4) Diagnosis and insurance codes, if required or requested;

5) In a practice setting where services are provided by more than one practitioner, the name and license number of the licensee who provided the services being billed; and

6) Fees. The licensee shall identify which part, if any, of the services billed were provided by a technician at the direction of and under the supervision of the licensee pursuant to N.J.A.C. 13:42-7.3 and 7.4 and shall adjust the fee downward accordingly.

b) A licensee billing for services rendered by a permit holder or an exempt professional practicing under supervision shall include all of the following information on the bill in addition to the information required pursuant to (a) above:

1) The name and permit number of the supervisee.

1) Disclosed that he or she has a financial interest; and

2) Provided an alternative referral source.

b) A licensee shall not prescribe goods or devices which the licensee sells or leases to the client, unless as follows:

1) The goods or devices are an integral part of the professional treatment for that client;
2) The item and its fee (if any) are specified on the billing statement under the licensee's professional office name; and

3) Any fee is set at a level which does not exceed a recoupment of the reasonable actual expense to the licensee for provision of the goods or devices. The burden of justifying the fee shall be on the licensee.

c) A licensee shall not enter into or continue any treating relationship, or supervisory relationship of another person offering clinical services, in which he or she has any family, personal, financial or beneficial interest other than that arising from the therapist-client relationship. Examples of such relationships include, but are not limited to, spousal-spousal supervision, parent-child supervision, child-parent supervision, intimate partner supervision.

d) A licensee shall not enter into any dual relationship. Examples of such dual relationships include, but are not limited to, professional treatment of employees, tenants, students, supervisees, close friends or relatives. Entering into any business relationships or paying or bartering for any services provided by any current client shall also be prohibited.

e) A licensee who recognizes the existence of a conflict of interest or dual relationship shall take action to terminate the conflict or the dual relationship.

f) A licensee shall not enter into financial arrangements with clients which are likely to impair professional judgment. Improper financial arrangements shall include, but are not limited to, loans (whether borrower or lender) or assumption of liabilities for debt.

g) A licensee shall not enter into a financial arrangement or any other potentially exploitive relationship with a former client which is likely to be the product of judgment impaired by the former relationship.

13:42-10.14 PROHIBITION ON REFERRAL FEES AND FEE SPLITTING

a) A licensee shall not pay, offer to pay or receive any fee or other form of compensation for referral of a client for professional services or for the purchase of goods. This subsection shall not prohibit a licensee from:

1) Paying a flat fee for regular advertising services;

2) Paying a flat fee for the licensee's placement on a commercially sponsored "referral list" of licensed health care providers; or

3) Contributing a fee to a professionally sponsored referral service.
b) A licensee shall not permit the division of fees for professional services other than among licensed health care professionals in the same or in a closely allied professional health care field engaged in a bona fide partnership, professional service corporation, limited liability company, limited liability partnership, employment relationship, or between a licensee and an applicant for licensure who is working under the supervision of the licensee pursuant to a Board issued temporary permit. A licensee shall not divide fees for professional services rendered to a client with a psychologist practicing as an independent contractor. This subsection shall not prohibit a licensee from charging a flat fee to an independent contractor on a per hour or per service basis to cover expenses.

c) This section shall be construed broadly to effectuate its remedial intent.

13:42-10.15 (RESERVED)

13:42-10.16 CLIENT ACCESSIBILITY TO THERAPIST OF CHOICE

b) The Board shall send a notice of renewal to each of its licensees at least 60 days prior to the expiration of the license. If the notice to renew is not sent at least 60 days prior to the expiration date, no monetary penalties or fines shall apply to the holder for failure to renew.

c) Every holder of a license issued or renewed by the Board who seeks renewal shall submit a renewal application and pay a renewal fee prior to the date of expiration of the license. If the holder does not renew the license prior to its expiration date, the holder may renew the license within 30 days of its expiration date by submitting a renewal application and paying a renewal fee and a late fee. Any license not renewed within 30 days of its expiration date shall be suspended without a hearing.

d) Any individual who continues to practice with an expired license after 30 days following its expiration date shall be deemed to be engaged in the unlicensed practice of psychology, even if no notice of suspension has been provided to the individual.

e) Renewal applications for all licenses shall provide the applicant with the option of either active or inactive renewal. A renewal applicant electing to renew as inactive shall not engage in the provision of psychology services within the State.
f) An applicant who selects the inactive renewal option shall remain on inactive status for the entire renewal period unless, upon application to the Board, the Board permits the inactive applicant to return to active status.

b) Each reviewer shall make an independent assessment of the material provided to determine, on the basis of the limited information provided, whether the psychological services for which payment is claimed are usual, customary or reasonable.

c) Each reviewer shall confer with the other designated reviewer to ascertain whether there is agreement on the finding.
d) If, on the basis of the information provided, the reviewers can certify that the treatment is usual, customary or reasonable, the reviewers shall so notify the third party payor and the Board, and no further review shall be undertaken by the IPRC.

e) If the two reviewers are unable to agree that services are usual, customary or reasonable, or if they both agree that the services are not; or if both reviewers find the information provided to be insufficient to reach a conclusion, the reviewers shall proceed to Stage III and shall so notify the Board and the treating psychologist.

13:42-11.8 STAGE III REVIEW BY INDEPENDENT PROFESSIONAL REVIEW COMMITTEE

c) On the basis of the information provided, the reviewers shall then certify to the third party payor and the Board their conclusion as to whether the treatment is usual, customary or reasonable. The conclusion of a majority of the three-person IPRC shall be reported as the conclusion of the Committee.

d) The reviewers shall certify to the third party payor the date and length of time of their consultation in reviewing the case.
13:42-11.10 INDEPENDENT PROFESSIONAL REVIEW COMMITTEE;
RESPONSIBILITIES OF REVIEWERS

a) IPRC reviewers shall complete the entire review process, that is, Stages II, III (if necessary) and IV (if necessary), within 20 days of their receipt of the review request by the Board. The Board shall interpret the timeframe to be exclusive of days lost as a result of injury or extenuating personal circumstances. The reviewers shall inform the Board or arrange for another to do so when such unforeseen event prevents the timely completion of a review assignment. The Board shall, in that event, attempt to appoint a substitute reviewer to complete the assignment.

b) A reviewer shall treat all information provided by the treating psychologist as confidential and shall not disclose the information to the third party payor or to any private person.

c) Upon termination of a reviewer's practice, the reviewer or his or her designee shall transfer all IPRC records to the IPRC office.

13:42-11.11 INDEPENDENT BOARD INVESTIGATION

a) The Board may conduct its own inquiry into a matter pursuant to N.J.S.A. 45:1-18, notwithstanding prior consideration by the IPRC, in the following circumstances:

b) The Board, at its discretion, may require the IPRC to provide to the Board the complete file of the review team for investigative purposes.

c) Independent investigation by the Board shall not preclude any available right of the reviewer to judicial review pursuant to N.J.S.A. 45:14B-34(d).

13:42-11.12 CIRCUMSTANCES IN WHICH IPRC PROCESS IS NOT REQUIRED

a) The IPRC process is not required for otherwise lawful methods of access to client treatment records in the following circumstances:

2) The treating psychologist has been requested to provide information regarding underlying claims for damages or for reimbursement of professional fees, as authorized or directed by the Rules of Court or by order of a court of competent jurisdiction (not the mere service of an attorney's subpoena for discovery in litigation);

3) The third party payor has requested, pursuant to applicable laws, inspection of the client record and/or preparation by the licensee of a written report; that is, the Personal Injury Protection Program established by P.L. 1972, c.70, N.J.S.A. 39:6A-13(b) and (e), as amended or superseded, with regard to injuries resulting from motor vehicle accidents;

4) A third party payor has directed the client-insured to submit to mental or physical examination by an appropriate practitioner who prepares and submits findings and conclusions, pursuant to N.J.S.A. 39:6A-13(d), (e), (f);
