**Notice of Continuing Education Topics**

**Take notice** that the State Board of Examiners of Heating, Ventilating, Air Conditioning, and Refrigeration Contractors (Board) has determined the topics that shall be part of continuing education courses taken by licensed master heating, ventilating, air conditioning, and refrigeration contractors (master HVACR contractors) during the 2018 to 2020 biennial renewal period. N.J.A.C. 13:32A-4.1 requires licensed master HVACR contractors to complete five credits of continuing education every biennial renewal period. N.J.A.C. 13:32A-4.3 requires that one hour of continuing education be in statutes and rules governing the practice of heating, ventilating, air conditioning, and refrigeration. N.J.A.C. 13:32A-4.3 requires the Board to determine the topics required for the remaining four hours. The Board has determined that one of these hours shall be devoted to review of the Uniform Construction Code, N.J.A.C. 5:23, relevant to the practice of heating, ventilating, air conditioning, and refrigeration. The remaining three hours shall be devoted to any topic relevant to the practice of heating, ventilating, air conditioning, and refrigeration as defined by N.J.A.C. 13:32A-1.2.
