

COVID-19 VIDEO CONFERENCE SESSIONS

During this rapidly evolving health crisis, New Jersey health care providers need up-to-date information to address urgent patient questions and care.

Join experts from New Jersey Departments of Health, Human Services, the Office of the Attorney General, Division of Consumer Affairs; Rutgers New Jersey Medical School; Robert Wood Johnson Medical School and other health care organizations for live video conferences, hosted by Rutgers Project ECHO. The series focuses on the pandemic's impact on all aspects of public health, including support systems and resources. It is an opportunity for participants to have a real-time discussion about interventions and responses to emergent needs.

Upcoming Sessions

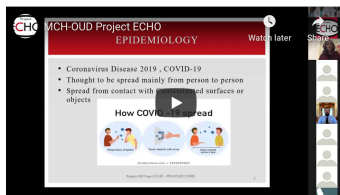

State of New Jersey COVID-19 Response
Wednesday, 4/22, Noon-1pm
Infection Prevention in Long-term Care Facilities

State of New Jersey COVID-19 Response

This conference and all previous sessions will be recorded and available to all on the [Rutgers ECHO COVID-19 webpage](#).

This video conference will be broadcast using Zoom which can be accessed via your smartphone or computer. There will be live Q&A during the last 30 minutes of the call.

We are committed to working together through this crisis and look forward to seeing you on the Video Conference.

Sincerely,

Kathy Dodsworth-Rugani, PhD
Executive Director, [Rutgers Project ECHO](#)
Executive Director, RWJMS Telehealth
Rutgers Robert Wood Johnson Medical School

KEY RESOURCES

For the latest information and guidance:

- [The New Jersey Department of Health](#)
- [NJ Department of Human Services](#)
- [NJ Division of Consumer Affairs COVID-19 Information and Resources](#)
- [Every Mother Counts COVID-19 Resources](#)
- [The Centers for Disease Control and Prevention](#)
- [The New Jersey COVID-19 Information Hub](#)
- [Rutgers RWJMS COVID-19 Project ECHO](#)

If the public has questions, they should contact the call center: 1-800-962-1253 or 211. Call centers are open 24/7. The call centers are not able to diagnose individuals, provide testing appointments or results, or give specific medical recommendations. Residents can also text NJCOVID to 898-211 to receive text information to stay informed.

The NJDOH Communicable Disease Service (CDS) is accepting COVID-19 calls from local health departments, health care providers, and medical facility staff. During regular business hours, Monday through Friday from 8am-5pm, call (609) 826-5964. After hours and weekends, please call (609) 392-2020.

To connect with your local or county public health department:

- [Directory of Local Health Departments in New Jersey](#)

For PPE and other resource requests:

All resource requests regardless of originating agency should be routed through the New Jersey Office of Emergency Management (NJOEM) E-Team Resource Request Process. This process requires requesting agencies initiate the request through their respective [County Offices of Emergency Management](#) (OEM). All agencies are encouraged to follow the recommendations of the CDC/NIOSH on extending use and limited re-use of your PPE supply ([CDC's Recommended Guidance for Extended Use and Limited Reuse of N95 Filtering Facepiece Respirators in Healthcare Settings](#)). Currently, both NJOEM & NJDOH are exhausting all procurement options to meet the overwhelming demand.
