OF MEDICAL EXAMINERS**

STATE OF NEW JERSEY
DEPARTMENT OF LAW & PUBLIC SAFETY
DIVISION OF CONSUMER AFFAIRS
STATE BOARD OF MEDICAL EXAMINERS

IN THE MATTER OF THE LICENSE OF: Administrative Action
:
PHILIP POLLEN, M.D. :
LICENSE NO. 25MA04642400 :
:
TO PRACTICE MEDICINE IN THE :
STATE OF NEW JERSEY :

This matter was opened to the New Jersey State Board of Medical Examiners upon receipt of a complaint that Philip Pollen, M.D. ("Respondent") was indiscriminately prescribing prescription drugs for his patient's back pain even after an MRI showed negative results.

Dr. Pollen appeared and testified before a Committee of the State Board of Medical Examiners (the "Board") on October 26, 2011. At that time, Dr. Pollen was unable to provide any CME information, and, because the New Jersey Division of Taxation had collected his

CERTIFIED TRUE COPY

financial records (billing information, FICA payments, etc.) was also unable to provide these records to the Committee.

A criminal history background check revealed that Respondent was arrested on April 2, 2010 by the Matawan Police Department for one count of possession/use of controlled dangerous substance, contrary to N.J.S.A. 2C:35-10 and two counts of violation of possession of certain prescription drugs, in violation of N.J.S.A. 2C:35-24. On July 8, 2010, Monmouth County Superior Court charged Respondent with one count of violation of N.J.S.A. 2C:35-10A(a) possession of controlled dangerous substance or analog, and pretrial intervention was granted. Respondent was ordered to be evaluated by the Physician's Assistance Program ("PAP"), and he remained in the PAP from October 2010 through February 2011.

A newly opened investigation into Dr. Pollen's practice alleges that Dr. Pollen's South Amboy office has closed due to non-payment of taxes. In addition, it is alleged that Dr. Pollen wrote prescriptions without evaluating patients and then dropping off prescriptions at a local pharmacy for patients to pick up. This investigation is ongoing.

A second newly opened investigation of Dr. Pollen's practice is based upon information provided by the U.S. Drug Enforcement Administration. These are allegations that Dr. Pollen's office manager/live-in girlfriend and Dr. Pollen's daughter's live-in boyfriend were running a small drug ring out of Pollen's medical

office at 245 Route 79, Morganville. Further, according to the Marlboro Police Department, this office is located in an area not zoned for a medical office.

Respondent at this time has agreed to the voluntary surrender of his license to practice medicine in the State of New Jersey without prejudice and in accordance with the terms of this Order. The Board finds the terms of this Order to be adequately protective of the public health, safety and welfare and Respondent, without any admissions, and desiring to resolve this matter on an interim basis without further proceedings:

IT IS THEREFORE ON THIS 25th DAY OF July 2013

ORDERED THAT;

1. Respondent Philip Pollen shall immediately surrender his license to practice medicine and surgery in the State of New Jersey. Such surrender is to be deemed a temporary suspension of his license pending further Order of the Board of Medical Examiners.

2. Respondent, Philip Pollen, M.D. shall cease and desist from the practice of medicine and surgery until further Order of the Board.

3. Respondent shall deliver his license, including wall license and wallet size credential forthwith to William V. Roeder, Executive Director, State Board of Medical Examiners, 140 East Front Street, P.O. Box 183, Trenton, New Jersey 08625-0183.

4. Respondent shall surrender his federal Drug Enforcement registration and his State Controlled Drug Registration for the State of New Jersey and shall make prompt arrangements with all agencies for the lawful disposal of all Controlled Dangerous Substances in his possession or under his control. Respondent shall secure in a locked place for safe keeping all prescription pads and all office letterhead bearing his name and non-CDS medication.

5. Prior to any reinstatement of his license, Respondent shall undergo a neuropsychological evaluation, a copy of which report Respondent will be provided to the Board.

6. Prior to any reinstatement of his license, Respondent shall undergo a skills evaluation, such as the Colorado Personalized Education for Physicians (CPEP) program, or the Albany Medical College Program. Upon receipt of the assessment, a copy of which Respondent will have sent to the Board, Respondent will comply with all the recommendations issuing therefrom.

7. Prior to any reinstatement of his license, Respondent shall complete all continuing medical education ("CME") and cultural competency coursework to bring his education credentials current. Proof of compliance with all CME requirements shall be provided to the Board.

8. The Board shall retain jurisdiction to enforce the terms of this Order. The Board reserves the right to bring further disciplinary action upon receipt of any reliable information indicating that Respondent has violated any terms of this Order.

9. The entry of this Order shall be without prejudice to the Board's ability to hear an administrative disciplinary action against Respondent, should the results of the current investigation(s) warrant, or the institution of disciplinary proceedings at any time as to any matter not included in the investigation(s) once completed.

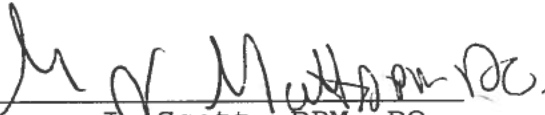

10. Respondent, Philip Pollen, M.D. shall comply with the attached directives for physicians who are disciplined or whose surrender of licensure has been accepted by the Board, which are incorporated by reference.

11. The entry of this Order shall be without admissions and without prejudice to the ability of Respondent to defend against any disciplinary action filed by the Board of Medical Examiners.

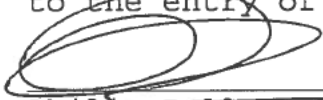

12. The parties hereby stipulate that entry of this Order is without prejudice to further action, investigation, or restriction upon any reinstatement, by this Board, the Attorney General, the Drug Control Unit, the Director of the Division of Consumer Affairs

or other law enforcement entities resulting from Dr. Pollen's conduct prior to the entry of this Order.

**DIRECTIVES APPLICABLE TO ANY MEDICAL BOARD LICENSEE
WHO IS DISCIPLINED OR WHOSE SURRENDER OF LICENSURE
HAS BEEN ACCEPTED**

APPROVED BY THE BOARD ON MAY 10, 2000

All licensees who are the subject of a disciplinary order of the Board are required to provide the information required on the addendum to these directives. The information provided will be maintained separately and will not be part of the public document filed with the Board. Failure to provide the information required may result in further disciplinary action for failing to cooperate with the Board, as required by N.J.A.C. 13:45C-1 et seq. Paragraphs 1 through 4 below shall apply when a license is suspended or revoked or permanently surrendered, with or without prejudice. Paragraph 5 applies to licensees who are the subject of an order which, while permitting continued practice, contains a probation or monitoring requirement.

1. Document Return and Agency Notification

The licensee shall promptly forward to the Board office at Post Office Box 183, 140 East Front Street, 2nd floor, Trenton, New Jersey 08625-0183, the original license, current biennial registration and, if applicable, the original CDS registration. In addition, if the licensee holds a Drug Enforcement Agency (DEA) registration, he or she shall promptly advise the DEA of the licensure action. (With respect to suspensions of a finite term, at the conclusion of the term, the licensee may contact the Board office for the return of the documents previously surrendered to the Board. In addition, at the conclusion of the term, the licensee should contact the DEA to advise of the resumption of practice and to ascertain the impact of that change upon his/her DEA registration.)

2. Practice Cessation

The licensee shall cease and desist from engaging in the practice of medicine in this State. This prohibition not only bars a licensee from rendering professional services, but also from providing an opinion as to professional practice or its application, or representing him/herself as being eligible to practice. (Although the licensee need not affirmatively advise patients or others of the revocation, suspension or surrender, the licensee must truthfully disclose his/her licensure status in response to inquiry.) The disciplined licensee is also prohibited from occupying, sharing or using office space in which another licensee provides health care services. The disciplined licensee may contract for, accept payment from another licensee for or rent at fair market value office premises and/or equipment. In no case may the disciplined licensee authorize, allow or condone the use of his/her provider number by any health care practice or any other licensee or health care provider. (In situations where the licensee has been suspended for less than one year, the licensee may accept payment from another professional who is using his/her office during the period that the licensee is suspended, for the payment of salaries for office staff employed at the time of the Board action.)

A licensee whose license has been revoked, suspended for one (1) year or more or permanently surrendered must remove signs and take affirmative action to stop advertisements by which his/her eligibility to practice is represented. The licensee must also take steps to remove his/her name from professional listings, telephone directories, professional stationery, or billings. If the licensee's name is utilized in a group practice title, it shall be deleted. Prescription pads bearing the licensee's name shall be destroyed. A destruction report form obtained from the Office of Drug Control (973-504-6558) must be filed. If no other licensee is providing services at the location, all medications must be removed and returned to the manufacturer, if possible, destroyed or safeguarded. (In situations where a license has been suspended for less than one year, prescription pads and medications need not be destroyed but must be secured in a locked place for safekeeping.)

3. Practice Income Prohibitions/Divestiture of Equity Interest in Professional Service Corporations and Limited Liability Companies

A licensee shall not charge, receive or share in any fee for professional services rendered by him/herself or others while barred from engaging in the professional practice. The licensee may be compensated for the reasonable value of services lawfully rendered and disbursements incurred on a patient's behalf prior to the effective date of the Board action.

A licensee who is a shareholder in a professional service corporation organized to engage in the professional practice, whose license is revoked, surrendered or suspended for a term of one (1) year or more shall be deemed to be disqualified from the practice within the meaning of the Professional Service Corporation Act. (N.J.S.A. 14A:17-11). A disqualified licensee shall divest him/herself of all financial interest in the professional service corporation pursuant to N.J.S.A. 14A:17-13(c). A licensee who is a member of a limited liability company organized pursuant to N.J.S.A. 42:1-44, shall divest him/herself of all financial interest. Such divestiture shall occur within 90 days following the the entry of the Order rendering the licensee disqualified to participate in the applicable form of ownership. Upon divestiture, a licensee shall forward to the Board a copy of documentation forwarded to the Secretary of State, Commercial Reporting Division, demonstrating that the interest has been terminated. If the licensee is the sole shareholder in a professional service corporation, the corporation must be dissolved within 90 days of the licensee's disqualification.

4. Medical Records

If, as a result of the Board's action, a practice is closed or transferred to another location, the licensee shall ensure that during the three (3) month period following the effective date of the disciplinary order, a message will be delivered to patients calling the former office premises, advising where records may be obtained. The message should inform patients of the names and telephone numbers of the licensee (or his/her attorney) assuming custody of the records. The same information shall also be disseminated by means of a notice to be published at least once per month for three (3) months in a newspaper of general circulation in the geographic vicinity in which the practice was conducted. At the end of the three month period, the licensee shall file with the Board the name and telephone number of the contact person who will have access to medical records of former patients. Any change in that individual or his/her telephone number shall be promptly reported to the Board. When a patient or his/her representative requests a copy of his/her medical record or asks that record be forwarded to another health care provider, the

licensee shall promptly provide the record without charge to the patient.

5. Probation/Monitoring Conditions

With respect to any licensee who is the subject of any Order imposing a probation or monitoring requirement or a stay of an active suspension, in whole or in part, which is conditioned upon compliance with a probation or monitoring requirement, the licensee shall fully cooperate with the Board and its designated representatives, including the Enforcement Bureau of the Division of Consumer Affairs, in ongoing monitoring of the licensee's status and practice. Such monitoring shall be at the expense of the disciplined practitioner.

(a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with the Board Order and accepted standards of practice.

(b) Monitoring of status conditions for an impaired practitioner may include, but is not limited to, practitioner cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law from any treatment facility, other treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired practitioners. If bodily substance monitoring has been ordered, the practitioner shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.

**NOTICE OF REPORTING PRACTICES OF BOARD
REGARDING DISCIPLINARY ACTIONS**

Pursuant to N.J.S.A. 52:14B-3(3), all orders of the New Jersey State Board of Medical Examiners are available for public inspection. Should any inquiry be made concerning the status of a licensee, the inquirer will be informed of the existence of the order and a copy will be provided if requested. All evidentiary hearings, proceedings on motions or other applications which are conducted as public hearings and the record, including the transcript and documents marked in evidence, are available for public inspection, upon request.

Pursuant to 45 CFR Subtitle A 60.8, the Board is obligated to report to the National Practitioners Data Bank any action relating to a physician which is based on reasons relating to professional competence or professional conduct:

- (1) Which revokes or suspends (or otherwise restricts) a license,
- (2) Which censures, reprimands or places on probation,
- (3) Under which a license is surrendered.

Pursuant to 45 CFR Section 61.7, the Board is obligated to report to the Healthcare Integrity and Protection (HIP) Data Bank, any formal or official actions, such as revocation or suspension of a license (and the length of any such suspension), reprimand, censure or probation or any other loss of license or the right to apply for, or renew, a license of the provider, supplier, or practitioner, whether by operation of law, voluntary surrender, non-renewability, or otherwise, or any other negative action or finding by such Federal or State agency that is publicly available information.

Pursuant to N.J.S.A.45:9-19.13, if the Board refuses to issue, suspends, revokes or otherwise places conditions on a license or permit, it is obligated to notify each licensed health care facility and health maintenance organization with which a licensee is affiliated and every other board licensee in this state with whom he or she is directly associated in private medical practice.

In accordance with an agreement with the Federation of State Medical Boards of the United States, a list of all disciplinary orders are provided to that organization on a monthly basis.

Within the month following entry of an order, a summary of the order will appear on the public agenda for the next monthly Board meeting and is forwarded to those members of the public requesting a copy. In addition, the same summary will appear in the minutes of that Board meeting, which are also made available to those requesting a copy.

Within the month following entry of an order, a summary of the order will appear in a Monthly Disciplinary Action Listing which is made available to those members of the public requesting a copy.

On a periodic basis the Board disseminates to its licensees a newsletter which includes a brief description of all of the orders entered by the Board.

From time to time, the Press Office of the Division of Consumer Affairs may issue releases including the summaries of the content of public orders.

Nothing herein is intended in any way to limit the Board, the Division or the Attorney General from disclosing any public document.
