October 2, 2013

E-mail dated August 6, 2013, received from Terry Fober stating that he is an out of state general electrical contractor and would like to know whether or not his company would be considered exempt pursuant to N.J.S.A. 45:5A-18(m). Mr. Fober states that his company sets and welds turbine isophase in power plants and builds high voltage electrical substations for independent power producers which are generally located within the boundaries of the power plant.

Motion made by Mr. Mitchell R. Malec and seconded by Mr. Constantinos Papademas, and unanimously passed, that a letter be sent to Mr. Fober advising him that it is the opinion of the Board that the work his company performs is not considered exempt pursuant to N.J.S.A. 45:5A-18 (e&f) as his company appears to be an independent developer and not regulated by the Board of Public Utilities.

Rachel Glasgow, Regulatory Analyst, appeared before the Board at 10:15 A.M. concerning the Board's proposed regulation N.J.A.C. 13:31-1.7 Continuing Education.

The Board advised Ms. Glasgow that it has concerns with the language which states licensees may earn up to four credits of continuing education by completing correspondence and self-study courses. The Board advised Ms. Glasgow that it has always been their opinion that licensees be allowed to earn four credits in interactive, instructor led, live webinars.

Ms. Glasgow stated that the Board can chose not to adopt the proposed language.

Motion made by Mr. Joseph F. Cantalupo and seconded by Mr. Mitchell R. Malec, and unanimously passed, that the Board withdraw the previously approved proposal for N.J.A.C. 13:31-1.7 Continuing Education as attendance compliance cannot be demonstrated.

Ms. Glasgow discussed the Board's request to draft language that certain organizations/associations be given blanket approval to teach continuing education courses to licensees as long as the organization/association meets the Board's general guidelines.

Motion made by Mr. Mitchell R. Malec and seconded by Mr. Constantinos Papademas, and unanimously passed, that the Board not pursue drafting such a regulation.

October 2, 2013

The Board reviewed applications for the written examination to be administered by Thomson Prometric. Twenty-two (22) applications were approved.

Motion made by Mr. Joseph F. Cantalupo and seconded by Mr. Constantinos Papademas, and unanimously passed, to go into Executive Closed Session to consider and to review consumer complaints, investigative reports and other information received pursuant to the Board's investigative authority in order to determine whether violations of the law, including Board regulations have occurred. The results of the deliberations will be made known when and if the Board determines to initiate disciplinary action or other law enforcement action.

Meeting adjourned at 3:00 P.M.

An Appointment and Business Meeting is scheduled for Wednesday, November 6, 2013, at 9:00 A.M.

Respectfully submitted,

David Freed
Acting Executive Director
