Instructions for Completing an Application for Licensure as a Professional Engineer

Please read the following information carefully before completing an application for licensure as a Professional Engineer.

If you previously held a Professional Engineer's license in New Jersey, **DO NOT** complete this application. You must complete an application for reinstatement/reactivation.

Please visit the Board's website at www.njconsumeraffairs.gov/pels/Pages/default.aspx for information concerning licensing requirements.

The Board will accept transcripts, license verifications, and examination results submitted **directly** to the Board from the educational institution or professional board, or through NCEES. An NCEES record does not substitute for this application.

1. Complete an application for licensure as a professional engineer. Answer **ALL** of the questions.
2. Sign the application in the presence of a notary public (Page 7). Your application must be notarized or it will be returned to you, which will delay the process.
3. Attach a clear, full-face original color passport-style photograph (2" x 2") of your head and shoulders taken within the past six months. (Photocopies and selfies are **not** acceptable.)
4. Arrange for your undergraduate/graduate transcripts to be sent **directly** to the Board. If you have an undergraduate degree from a non-ABET accredited program, please have your education credentials evaluated by one of the Board's recommended providers. (See the Board's website for information.)
5. Submit proof of passing the Fundamentals of Engineering (FE) examination.
6. If you are a comity applicant, submit proof of passing the FE and the Principles and Practices of Engineering (PE) exams.
7. Complete the Detailed Statement of Experience on the Board-approved form attached to the application. The Board will **not** accept any other form.
8. Submit five (5) references on the Board-approved form. Three (3) of the five references must be licensed professional engineers in the United States and attest whether you are qualified to be placed in responsible charge. At least one of the references must be from a supervisor who has knowledge of four (4) years of your experience, two years of which must be in engineering design.
9. If you are applying by comity, provide written verification of licensure in good standing from all states in which you are licensed.

10. If you are a legal alien or hold another type of immigration status, please submit your USCIS immigration documents. (Submit a copy of both the front and the back of your card.)
11. Submit criminal history documents (if applicable).
12. Submit copies of all disciplinary actions taken against your professional engineer's license(s) in any other jurisdiction (if applicable).
13. Please submit a nonrefundable application fee in the form of a check or money order, payable to the State of New Jersey, in the amount of \$75.00.
14. When your application is complete, the Board will review your file for either: 1) approval to sit for the PE exam; or 2) approval for licensure by comity.
15. Once your application has been fully approved by the Board, you will receive a License Activation Form. Please complete the form and submit a license fee in the form of a check or money order, payable to the State of New Jersey, in the amount stated on the License Activation Form.
