

Pain Treatment with Opioid Medications: Patient Agreement

This Agreement is essential to the trust and confidence necessary in a prescriber/patient relationship. My prescriber has discussed my treatment plan with me. I understand that there is a risk of psychological and/or physical dependence and addiction associated with the chronic use of controlled substances for pain. I have been told about the side effects that I may experience. My prescriber is undertaking to treat me with controlled substances for pain because:

I, _____, understand and voluntarily agree to the following (initial each statement after reviewing):

_____ I have told my prescriber about other medications I am taking and my medical history, including my prior experience with pain medications or other drugs. Throughout my treatment, I will communicate fully with my prescriber about the character and intensity of my pain, the effect of the pain on my daily life, and how well the medication is helping to relieve pain.

_____ I will take my medication, _____, as instructed and not change the way I take it without first talking to my prescriber or other members of the treatment team. I understand that my prescriber may change this medication during my course of treatment.

_____ I will not attempt to obtain pain medications from any other prescribers and understand that my prescriptions will be issued only during scheduled office visits with the treatment team or during regular office hours. If I require surgery or emergency treatment, and I am able to communicate, I will tell the health care professional taking care of me about all the medications I am taking and, at or before my next refill, I will tell my prescriber about my use of medications in these circumstances.

_____ I agree not to use illegal drugs or alcohol while on these medications.

_____ I understand that I should not drive a motor vehicle or operate machinery if the medication causes dizziness, drowsiness, or sedation.

_____ I will use one pharmacy to get all my medications: _____
Pharmacy Name/Phone Number

_____ I understand that I may be referred to other health care professionals for other modes of treatment, such as physical therapy, exercise, relaxation techniques or psychological counseling, or for certain diagnostic tests and that my prescriber may speak with other health care professionals about my treatment plan. At this time my treatment plan includes: _____.

_____ I will keep the medicine safe, secure, and out of reach of others, and will dispose of unused medications in a Project Medicine Drop Box, through a Take-back Program or in a drug disposal pouch.

_____ I will not sell this medicine or share it with others. If my medicine or prescription is lost or stolen, I understand that it may not be replaced.

_____ I understand that I may need to submit to random urine drug testing and pill counts if requested by my prescriber and that my prescriber will be verifying that I am receiving controlled substances from only one prescriber and only one pharmacy by checking the Prescription Monitoring Program web site.

_____ I understand that if I do not follow all of the terms of this Agreement, my prescriber may stop prescribing pain medications, and/or that I could be required to find another prescriber or health care professional for my future medical treatment.
