13:32-1.3 DEFINITIONS

The following words and terms, when used in this chapter, shall have the following meanings, unless the context clearly indicates otherwise:

"Board" means the State Board of Examiners of Master Plumbers.

"Bona fide representative" means a licensed master plumber who is the holder of not less than 10 percent of a plumbing contractor in the State of "New Jersey.

"Journeyman plumber" means an individual who works under the supervision of a licensed master plumber or supervisory journeyman plumber and who has completed either four years in an apprenticeship program approved by the United States Department of Labor or has been awarded a bachelor's degree in mechanical, plumbing, or sanitary engineering from a college or university accredited by a regional accreditation agency recognized by the Council on Post-Secondary Accreditation or the United States Department of Education.

"Licensed master plumber" means a person licensed pursuant to N.J.S.A. 45:14C-1 et seq. who has the qualifications, training, experience and technical knowledge necessary to properly plan, lay out, install and repair plumbing apparatus and equipment and to supervise others in the performance of such work in accordance with the rules established in this chapter.

"Plumbing" means the practice, materials and fixtures used in the installation, maintenance, extension, alteration, repair and removal of all piping, plumbing fixtures, plumbing appliances and plumbing apparatus in connection with any of the following:

3. Venting systems; and
4. Public and private water supply systems of any premises to and within the property line of any building or structure to their final connection with an approved supply system.

"Plumbing" also means the practice and materials used in the installation, maintenance, extension, alteration, repair or removal of storm water, refrigeration and air conditioning drains, liquid waste or sewage.
